

U.S., Hanoi Agree On Paris

TALK PEACE FRIDAY

THE MELITAN ALMANZA FAMILY of Mexico was reunited in the Douglas (Mich.) Community Hospital in Allegan County. Mrs. Almanza is suffering incurable cancer. Four of her seven children, through the generosity of residents and Illinois oilman, Burron Burrow, back to camera, were flown from Mexico to visit their mother. (AP Wirephoto)

Ninth Heart Is Transplanted At Houston Today

HOUSTON, Tex. (AP) — A team at St. Luke's Episcopal Hospital performed the world's ninth heart transplant today.

At a late hour, hospital spokesmen said the transplanted heart was performing as expected.

The patient is Everett Clair Thomas, 47, a Phoenix, Ariz., accountant.

The hospital said the donor was a 23-year-old woman brought to the hospital with a self-inflicted gunshot wound in the brain. Her name was not revealed.

The woman was brought to the hospital about 6 p.m. Thursday.

Shortly before midnight, Thomas was taken to the operating room and his chest opened.

The heart was found to have calcium deposits on one heart valve extending into the walls between two heart chambers and into the openings where blood vessels enter the heart.

The young woman was in an operating room next door and her heart was moved to the operating room.

A statement from the hospital said minor tailoring of the donor heart permitted it to be transplanted to Thomas.

The medical team from Baylor University College of Medicine included Dr. Denton Cooley, Robert E. Bloodwell and Dr. Grady L. Hallman Jr.

The lower part of Thomas' heart was removed and the two lower chambers of the donor's heart were sewn into place.

PRESIDENT JOHNSON gets down to the level of his 10-month-old grandson, Patrick Nugent, on the lawn of the LBJ Ranch near Johnson City, Tex., during the President's recent visit there. The White House released this picture in Washington. (AP Wirephoto)

Reds Want To Stop The Bombs

WASHINGTON (AP) — The United States and North Vietnam agreed today to open preliminary peace talks in Paris next Friday or a few days thereafter.

President Johnson announced at a 10 a.m. news conference he had sent word to Hanoi that he accepts the time and place Hanoi had announced to the world two hours earlier.

Johnson said he was informed of the North Vietnamese agreement at 1 a.m. today. He then conferred with Secretary of Defense Clark M. Clifford, Secretary of State Dean Rusk and other high officials and made his decision.

Bomb Halt First

Hanoi announced its purpose in the talks would be "to decide with the U.S. side the unconditional cessation by the United States of its bombing and all other acts of war against the Democratic Republic of Vietnam North Vietnam and later to talk about other matters related to the two sides."

Johnson ordered March 31 a partial halt in bombing of the North and called for peace talks. He offered to stop the rest of the bombing if Hanoi would show "restraint" in its military operations.

But U.S. officials report Hanoi since early March has greatly increased infiltration of men and weapons into South Vietnam.

Asked about this today Johnson said "we have been quite concerned" about the North.

North Vietnamese expanding infiltration.

Just First Step

The President warned the Paris talks would be only the "first step" toward bringing the long and bloody war in Southeast Asia to a close.

"Let me sound a precautionary note," Johnson said after announcing his decision. "This is only a very first step, and there are many, many hazards and difficulties ahead."

"I have never felt it was useful for public officials to confuse delicate negotiations by detailing personal views" in advance, Johnson went on. So, he said, he would not discuss the question further now.

It was exactly a month ago today that North Vietnam and the United States publicly declared their readiness for such talks, thus signaling a potential breakthrough in the long effort to begin peace discussions.

Cruiser Rejected

The forthcoming discussions are expected to be only preliminary to what could be much-drawn-out negotiations.

For the preliminary contacts, the United States had proposed 15 Asian and European capitals for possible meeting places while North Vietnam had suggested Phnom Penh or Warsaw.

The Indonesians meanwhile, offered to send a cruiser to Tonkin Gulf as a meeting place.

Stalemate Ended

The North Vietnamese broadcast today indicated an end to the stalemate. As received by U.S. monitors, Hanoi Radio said:

"The Democratic Republic of Vietnam (North Vietnam) government is of the opinion that formal talks between Hanoi and Washington should be undertaken immediately."

"It decides to send Minister Xuyan Thuy as its representative to hold formal talks with a representative of the U.S. government to decide with the U.S. side the unconditional cessation by the United States of its bombing and all other acts of war against the Democratic Republic of Vietnam and later to talk about other matters related to the two sides."

"The Democratic Republic of Vietnam government welcomes the fact that the French government is willing to let Paris be the site between the Democratic Republic of Vietnam and the United States as declared by French (foreign) Minister Couve De Murville on 18 April 1968."

OK's Paris

"The DRV government is of the opinion that Paris, just as Phnom Penh and Warsaw, is an appropriate venue for the formal and bilateral talks."

"These formal talks will begin on 10 May or a few days later." Johnson has named veteran roving Ambassador W. Averell Harriman as the U.S. envoy for the preliminary talks.

Also tapped for this service if needed has been Llewellyn Thompson, U.S. ambassador to the Soviet Union, who recently returned to Moscow after Washington consultations.

Neither the United States nor North Vietnam had listed Paris as a proposed meeting place during the lengthy maneuvering, leading some observers to believe it would be a compromise.

Paris Meets Conditions

Each side objected to the cities on the other's list.

Johnson objected to Warsaw, the capital of Communist Poland, and Phnom Penh, the Cambodian capital where the United States has no diplomatic relations, on grounds they did not meet conditions he wanted for a talk site.

He said the U.S.-North Vietnamese representatives should meet in a neutral atmosphere, with adequate communications for diplomatic dispatches, access by the world press and access to diplomats of the countries with interest in the Southeast Asian conflict.

Paris would appear to meet Johnson's standards since it is a city with modern communications and is open to the diplomats of both North and South Vietnam and their friends.

Yanks Throw Back Red Counterattack

SAIGON (AP) — U.S. forces crushed a North Vietnamese counterattack near Dong Ha Thursday, climaxing four days of fighting in the northeast corner of South Vietnam in which U.S. and South Vietnamese forces reported at least 1,208 of the enemy killed.

U.S. and South Vietnamese casualties totaled 93 killed and 449 wounded, the allied commandants said.

Fighting slackened off today after U.S. Marines and Army infantry reinforcements beat back a heavy enemy counter attack near the 3rd Marine Division headquarters at Dong Ha 11 miles below the eastern end of the demilitarized zone.

The North Vietnamese launched their counterattack Thursday afternoon and pushed the Marines back. Army troops were rushed in as reinforcements, artillery and U.S. planes pounded the North Vietnamese, and by nightfall "the enemy withdrew," a U.S. spokesman said. He added that the enemy made light probing attacks for two hours before contact was lost.

There was no word of new fighting by South Vietnamese forces who have been battling the North Vietnamese a mile or two from the Marines in the Dong Ha sector.

The other northeast area of hard fighting this week has been around Hue, 45 miles south of Dong Ha, and there paratroopers from the U.S. 82nd Airborne Division reported overrunning enemy positions four miles west of the former imperial capital and killing 46 North Vietnamese soldiers. There were no American casualties reported.

Saigon had its first major terrorist incident since the Communist lunar new year offensive in February. A taxi loaded with TNT exploded in the heart of the city, in a driveway between the U.S.-South Vietnamese television and radio station compound and a church student center.

Blast Wounds Americans

The blast killed three Vietnamese and wounded about 25 Vietnamese and five Americans. Most of the victims were young girl students.

The explosion collapsed the two-story student center and damaged the South Vietnamese

Hear Opponents To Lottery Ban

LANSING (AP) — Spokesmen for Michigan's newspapers, radio and television stations and small food retailers lined up Thursday against a bill that would ban lotteries and games of chance in the state.

The measure is aimed at the many forms of such games used as sales boosters by supermarkets and gasoline stations.

Those for banning such contests included Atty. Gen. Frank Kelley, a number of independent gas station operators and a major Michigan petroleum firm—Leonard Refineries, Inc. of Alma.

More than 100 witnesses crowded the Court of Appeals hearing room to give testimony before the Senate Judiciary Committee.

Sen. Harvey Lodge, R-Waterford, committee vice chairman, presiding at the hearing said no decision would be made on reporting out the proposed legislation until at least next Tuesday.

Elmer White, executive secretary of the Michigan Press Association said his group "opposes any legislation which makes it illegal for a business to advise consumers what is available in the market place."

White, whose group represents 56 daily newspapers and nearly 300 weeklies in Michigan, said the bill is too broad in scope.

"It hamstring the merchant in the options he would have in appealing to the consumer," White told the committee.

Edward Huse of Jackson, a spokesman for the Michigan Association of Broadcasters, voiced similar objections.

Roger Pierce, who said he represented some 225 independent members of I.G.A. Stores, Inc., doing 16 per cent of the retail grocery business in Michigan, suggested that the problem never would be solved by legislation.

"Rejection or acceptance by the consumers will eventually decide the fate of these games and promotions," he told the committee.

Mrs. Humphrey Reported Fine

WASHINGTON (AP) — Mrs. Hubert H. Humphrey was reported "getting along fine" at Bethesda Naval Medical Center following pelvic surgery to correct a nonmalignant disorder.

Mrs. Humphrey, 56, was operated on Thursday.

There was no word of new fighting by South Vietnamese forces who have been battling the North Vietnamese a mile or two from the Marines in the Dong Ha sector.

The other northeast area of hard fighting this week has been around Hue, 45 miles south of Dong Ha, and there paratroopers from the U.S. 82nd Airborne Division reported overrunning enemy positions four miles west of the former imperial capital and killing 46 North Vietnamese soldiers. There were no American casualties reported.

Saigon had its first major terrorist incident since the Communist lunar new year offensive in February. A taxi loaded with TNT exploded in the heart of the city, in a driveway between the U.S.-South Vietnamese television and radio station compound and a church student center.

Rocky Enjoying Race

By The Associated Press

Pacing the aisle of a campaign bus in a sweat-soaked shirt, hitting it off well with the crowds—Nelson A. Rockefeller in his first full day of campaigning for the presidency seemed a man glad to be in the race at last.

After his announcement Tuesday that he was going after the Republican nomination, the New York governor hopped to Iowa Thursday for a day of campaigning.

It was, he said, "one of the most exhilarating days of my life."

Rockefeller was interrupted 16 times by applause in a speech before some 8,000 persons at the University of Iowa as he called for voting at age 18 and a lottery plan to pick draftees.

Later, on his way to a fundraising dinner in Cedar Rapids—another friendly audience—he couldn't sit still in his campaign bus.

Shucking his coat, he kept prowling the length of the bus, his shirt clammy with perspiration, as he spun off ideas and swapped thoughts with a group of students in the back.

Nixon On Ballot

Richard M. Nixon, who has a head start of months on Rockefeller in the quest for the GOP nomination, touched again Thursday on the "black capitalism" concept he recently introduced.

Nixon is the only Republican on the ballot in Indiana's primary next Tuesday. But the Democratic contest that day continues to grow in import.

Aides of Sen. Eugene J. McCarthy, D-Minn., say that if he wins 30 per cent of the vote in the three-man competition he will interpret this as a signal to press on in his fight for the presidential nomination.

During a wide-ranging day of campaigning Thursday in Indiana, McCarthy seemed to be

Papers Renew Bargaining Talk

DETROIT (AP) — With Gov. George Romney and a state Senate subcommittee stopped short in their bid to get involved in Detroit's newspaper strike, bargainers for the parties to the strike resumed talks today.

A meeting was scheduled between publishers of the Detroit Free Press and the Detroit News, which is out of publication for the 17th day, and the printers union, which is not on strike.

Starting Monday, though, the publishers will meet with the Pressmen's Union, which is on strike, and sources said the talks would continue with the other three striking unions.

Unlike the other three striking unions, the pressmen have yet to agree with the publishers on a number of noneconomic issues.

Al Leggat, Detroit labor relations director, said the meeting probably would reduce the unsettled issues on the pressmen's contract to the matters of wages, length of the contract, and hiring practices.

These, he said, are the main issues unsettled with the striking Plate and Paper Handlers Union, International Typographical Union, and Stereotypers Union.

A seven-judge U. S. District Court panel upheld Thursday a restraining order issued Wednesday by U. S. District Judge Damon Keith.

That order told Romney and the state Senate subcommittee investigating the Detroit newspaper strike that they could not compel News Publisher Peter B. Clark to answer a subpoena the subcommittee issued.

The federal order declared the subpoena void.

The subcommittee ejected a federal process server who brought a copy of the order to the subcommittee members Wednesday, which was the day the Senate group had demanded for Clark to appear before it.

A hearing is set for next Tuesday to determine whether the injunction against Romney and the subcommittee will be made permanent.

Clark said the presence of Romney and his aides complicated the strike situation, and added: "The only interest of the Detroit News is to settle these very damaging strikes promptly and to resume publication as soon as possible."

Bell Workers Take Vote On Contract

WASHINGTON (AP) — Telephone strikers across the nation are preparing to vote on whether to trade in their picket signs for the biggest package of increased wage and fringe benefits in the industry's history.

The proposed contract negotiated by the AFL-CIO Communications Workers of America and the Bell Telephone System would provide three-year increases totaling nearly 20 per cent.

A company official indicated it would lead to higher telephone bills for many of the nation's 50 million customers, but didn't specify what rate hikes might be forthcoming.

Results of the voting by some 200,000 strikers from coast to coast are expected by Sunday. The contract will set the pattern

for most of another 400,000 telephone workers whose contracts expire later.

The tentative contract agreement came Thursday after some 24 hours of marathon bargaining. The strike, first nationwide telephone walkout in 21 years, is in its 16th day.

Top-paid telephone installers would get \$34 a week more in wages alone by the third year of the contract, highest-rated plant craftsmen \$24 more and switchboard operators and clerks \$16, the union said.

The largest part of the wage increases would come at the start of the first year, including \$12 a week for top-scale craftsmen and \$8 for operators and clerical workers.

Craftsmen and installers now average about \$154 a week, operators about \$83 and clerical

Cupp Convicted Of Terrorism In Labor Dispute

CHICAGO (AP) — A member of the Seafarers International Union has been convicted of conspiracy to terrorize a Canadian grain shipping company during a 1963 labor dispute.

A U.S. District Court jury of five men and seven women, deliberating Thursday for three-and-a-half hours, also found Alvin J. Cupp, 36, guilty of interstate transportation of explosives.

However, they acquitted Cupp of actually bombing the grain-ship Howard L. Shaw while it was moored in a Chicago dock Sept. 6, 1963.

U.S. Law Bans Phone Call Abuse

WASHINGTON (AP) — President Johnson signed into law today a bill to provide federal criminal penalties for making obscene, abusive or harassing telephone calls across state lines or within the District of Columbia.

Violations would be punishable by as much as six months imprisonment, or fines of up to \$500, or both.

Weather

ESCANABA AND VICINITY—Cloudy with chance of light rain showers, becoming partly cloudy this afternoon, tonight and Saturday. Cooler today with high, 56 and low tonight, 33. Not much change in temperature Saturday. High yesterday, 65 and low overnight, 38. Wind, northeasterly, increasing to 10 to 20 mph this afternoon and tonight. Sunday outlook: fair and a little warmer. Precipitation probabilities: today, 10%; tonight and Saturday, 5%.

Sun sets today at 7:58 a.m. and rises Saturday at 5:32 a.m.

Medical-Surgical Plan Praised, Attacked

Blue Shield Offer Called Inflator

DETROIT (AP) — Michigan Blue Shield announced details today of a new program said to offer "the finest medical-surgical cost protection available anywhere."

Professor Max Shain of the University of Michigan School of Public Health, however, the new program is a "deception" which will lead to a "galloping inflation of physicians' charges."

Michigan Blue Shield President John C. McCabe said the program — called Michigan Variable Fee (MVF) — is designed to broaden existing health care protection benefits.

Blue Shield has some 4,325,000 Michigan members — more than half the population of the state.

Fixed Payment
McCabe said the program would provide for a more realistic payment method to eliminate present fixed payment schedules tied to subscribers' income.

He said fees traditionally have varied by locality, the nature of the services and the training and experience of the physician. He said there is no income differential.

McCabe also said the program would provide new benefits and would include others which were previously available only at extra cost under M-75. Blue Shield's previous "standard" protection.

Attack Dykhouse
Various medical exclusions which have been traditional in health care coverage in Blue

Shield and commercial carriers will be removed, he said.

The U-M professor said he has asked Gov. George Romney and legislative leaders to overrule Insurance Commissioner David J. Dykhouse on his acceptance of the program.

Shain said the new program is connected with a reduction of \$18 million of Blue Shield's \$50 million surplus, which he attacked at a rate hearing conducted by a Dykhouse assistant in late March.

Shain, at that time, urged the State Insurance Bureau to order a \$40 million cut in the surplus.

He said Thursday night that Dykhouse announced an \$18 million return of the surplus on April 26. However, the professor

contended it will be made only to those members and groups who switch to the MVF contract.

Costs More!
The catch, he said, is that the new contract really costs at least 10 per cent more than the old one, but that as bait to entice the members to switch, the rate reduction will apply for a temporary period and only to the new contract.

Shain also said that the extra Blue Shield surplus was paid in excessive dues by all Blue Shield members in the last several years and all members should get some money back, regardless of whether they choose to sign up for the new

More For Doctors
Shain, who was a consultant on health insurance to former insurance commissioner Allen Mayerson from 1964-66, said that the payments to physicians will be sharply increased under the MVF plan.

"Each doctor will be able to charge Blue Shield for whatever he considers to be his usual and customary need, instead of being paid standard fees set by the insurance plan and the medical societies," he said.

He also said that Blue Shield will no longer charge lower dues to its lower income members, and all members will pay on the same base rate schedule.

Unlimited Care
In announcing the new program, McCabe said that benefits in MVF include unlimited medical care in the hospital in most instances, radiation therapy for benign as well as malignant conditions, unlimited medical consultations in the hospital, more liberal cosmetic surgery and other surgical benefits such as sterilization when medically necessary, and care by more than one doctor in a hospitalized case when necessary.

McCabe also said for the first time benefits for home and office medical care will be provided on an optional basis.

A news release covering program made no mention of the rebate which Shain claimed was included.

In the release, McCabe said there would be an eventual cost adjustment which would depend upon claims experience, and, therefore, no over-all estimate of the amount is now possible. He said in the case of new groups, first year subscriber charges will probably average about 13 per cent higher than the costs of the old program.

Hanna Mining Leader Passes

Joseph H. Thompson, 67, retired chairman of Hanna Mining Co., and a long-time leader in business and financial circles, died April 30 at his home in Willoughby, Ohio, near Cleveland. He was a leader in the Lake Superior iron ore mining industry and he played a prominent role in the opening of the Quebec-Labrador iron ore fields in the early 1950's. A native of Tennessee, he attended Notre Dame University following service in the Marine Corps in World War I.

Concert Program Outstanding One

Like the picturesque medieval town it comes from, the Oberkirchen Children's Choir — 36 golden-braided girls in traditional bright red skirts and velvet jackets and the boys in lederhosen—look like a group straight from a Grimm fairy tale or a story by Hans Christian Andersen.

They will sing here next season under sponsorship of the Delta County Community Concert Association as part of their 10th American tour. Directed by Edith Moeller, they have been acclaimed in their tours of most countries of the world.

This week the Delta County Community Concert Association is energetically involved in its annual membership campaign, and the success of the effort indicates the sponsorship also of Simon Estes, bass-baritone, who as a native Iowan achieved international reputation by winning the Tchaikovsky Silver Medal in the Moscow competition in 1966.

His engagements then doubled, although he had already concertized extensively in Europe, and by the age of 30 he has won a fine career.

Persons joining Community Concerts will also hear the second concert here of the Clebanoff Recording Orchestra, which was popularly received here in the 1963-64 season. A fourth concert attraction will be selected on Saturday — tomorrow — afternoon at the conclusion of the membership effort.

Any Delta County citizen is welcome to become a member of the Community Concerts. Persons who are not contacted

Five Students Named For U-M Scholarships

ANN ARBOR — Five Delta County high school seniors are among 1,009 seniors in Michigan awarded University of Michigan Regents — Alumni scholarships, Ivan W. Parker, U-M associate director of financial aids, announced.

Recipients are Mary K. Bladde, Robert I. Mosenfelder and John T. Walbridge of Escanaba Area High School, Richard D. Armstrong of Holy Name High School and Eloise Pickard of Gladstone High School.

The winners were selected by the Committee on University Scholarships from about 2,900 applicants representing 500 state high schools.

Stipends vary according to the financial need of the winners, ranging from honorary \$50 entrance grants to \$770 per year grants. Awards continue for the normal length of the student's degree program if his or her

academic record justifies renewal.

Each accredited high school is entitled to at least one of the scholarships if a qualified senior applies. Additional awards are made at large on a basis of statewide comparison of applicants.

In evaluating applications, emphasis is placed on character, citizenship, academic record, financial need and competitive test scores.

A total of 35 scholarships were awarded to students in the Upper Peninsula.

Other recipients include Inez E. Evance, Norway; Elizabeth A. Hamilton, Gwinn; Harry L. Meintz, Stephenson.

Administrators Guide Area School Program

(Last of a Series)

It is a well-accepted belief that the continuance of what has come to be called "the American way of life" depends largely upon the continuing health and effectiveness of the nation's educational system. The effectiveness of education depends largely upon the quality of the personnel engaged in it and the effectiveness with which they do their work.

The actual act of education takes place primarily in the classroom where student meets teacher. In the classroom, the teacher is the administrator of the program in that room. However, when several rooms are put together to form a building, and when several buildings become a school system, then special administrators must be provided.

The Escanaba Area Public School System employs 11 full-time administrators to administer and supervise 4,600 elementary and secondary students, 315 employees (instructional and non-instructional), 13 school buildings, and \$10 million worth of public property.

Function Defined

Perhaps the main function of school administration is to develop and maintain an effective instructional staff and to guide it in the direction of improvement of curriculum and instruction in the classroom. In a world where man's knowledge is doubling every seven years, maintaining the status quo is really slipping backwards.

In elementary education, the approach of the Escanaba Area district has been one of providing small, neighborhood schools in the city. Each building requires administration and supervision of students, employees, and program.

There are 11 buildings in the

system in which elementary instruction takes place. Five of these buildings have a full-time supervising principal — John Lemmer School, the Jefferson and Franklin schools combined, and the Soo Hill and Wells schools combined. All other buildings — Washington, Webster, Ford River, Pine Ridge, Cornell, and John Kennedy — have teaching principals. These are people who teach a regular classroom and have administrative and additional supervisory duties for their buildings.

This is a cheap way of providing necessary supervision but is poor educationally as

Your Schools And Children

too often supervisory duties interrupt teaching. The divided responsibility makes it difficult for the teaching principal to do either job as well as necessary. The full-time principal has the time to work with children, teachers, and parents.

Needs Vary

There are two secondary schools in the system. The junior high of 700 students and 30 teachers has a principal, while the senior high of nearly 1,400 students and 59 teachers has a principal and an assistant. Administering a secondary program is different from administering an elementary program because of the more varied educational requirements of outside agencies.

A supervisor of maintenance has responsibility for the maintenance and upkeep of all buildings, grounds and equipment in the system. Work done by this individual and his two-man staff saves the district considerable money by doing repair work which would otherwise have to be contracted out.

The supervisor of transportation is responsible for the condition of buses and other vehicles of the district. He obtains and supervises drivers,

keeps detailed cost accounting records on all vehicles, makes required reports to the State of Michigan, has overall responsibility for the preparation of bus routes and maps, and is liaison with the community on transportation problems, receiving many calls which come from parents concerning transportation problems.

Coordinating Role

To coordinate the administrative and supervisory activities of the entire district is the Central Office.

The business manager has responsibility in the areas of budget preparation and control, procurement and purchasing, building rentals, operational and debt retirement funds, and overall supervision over all non-instruction employees.

The curriculum materials coordinator functions in many ways in the area of instruction, including procurement and distribution of books and other instructional supplies, supervising the highly developed audio-visual program and coordinating federal programs. He also works with teacher committees on program improvement.

The superintendent of schools works in all the areas previously mentioned as well as in teacher recruitment, negotiations, planning, and reporting.

Administration of the Escanaba Area Public Schools is aided by two councils. One is the Administrative Council, consisting of all principals, the business manager, and the curriculum coordinator, which meets bi-weekly with the superintendent to coordinate administrative matters. The Educational Planning Council meets monthly to review and recommend curriculum matters. This group includes teachers, who are chairman of various committees, and the central administration.

Administration includes many tasks connected with planning, allocating, coordinating, appraising, supervising, and reporting.

Area Cost Low

The reporting aspect of the administrator has increased in recent years because of greater governmental involvement in education.

Perhaps the most important aspect of the administrator's job, however, is contact with parents. Working with parents, either singly or in groups, in meeting special requests or solving specific problems, is essential.

Despite the importance of administration and supervision to the school system, it represents only a very small portion of the operating budget — about 3 per cent. A study made of all the 10 school districts in the Delta — Schoolcraft Intermediate District indicates Escanaba ranks ninth out of the 10 with an expenditure of \$16.01 per child for the year. The range in this study was from \$50.91 to \$15.30 per child.

A community must provide teachers, building, materials, and equipment to educate its children. Adequate administration is necessary for the care, coordination, and supervision of the total educational program.

H. Sangraw Dies Thursday

MANISTIQUE — Herman P. Sangraw, 83, of 122 S. 1st St., died at 6:20 p.m. Thursday at Schoolcraft Memorial Hospital. He was born Sept. 23, 1884 in Garden and had lived in Manistique most of his life.

He was married to the former Cordelia Trudeau in Manistique in 1913 and she died in 1961. Mr. Trudeau was a member of St. Francis de Sales Church.

He is survived by two daughters, Mrs. James (Luella) Lambert and Mrs. Lucille Longtine of Manistique; two brothers, Joseph of Manistique and George of Moran; two sisters, Mrs. Mary Gardner of Manistique and Mrs. Frank Holdner of Saskatchewan, Canada; five grandchildren and nine great grandchildren.

Friends may call at the Messier-Brouillette Funeral Home after 4 p.m. today and liturgical prayers will be recited at 7:30 p.m. today. Funeral services will be conducted at 9 a.m. Saturday at St. Francis de Sales Church and burial will be in Fairview Cemetery.

Motorbike and Scooter Riders Must Be Age 16

The cooperation of parents in a matter of safety for their children is being asked by Escanaba Police Chief Richard Frederick.

The children are those under 16 who are allowed by their parents to operate motorbikes and scooters. The danger is that because they have had no driver training they may injure themselves or other children or adults. The vehicles are frequently gifts from parents who do not realize that it is unlawful for the child to drive until he is licensed.

To obtain an operator's license by age 16, the child must have satisfactorily completed a driver training course.

Motorbikes and scooters must also have a license plate, and the law prohibits them from being ridden on sidewalks.

The cooperation of parents and their children will be appreciated as a precaution against traffic injuries and deaths, the chief said.

Mrs. Ruth Aho Taken By Death

Mrs. Ruth Catherine Aho of Trenary died Wednesday evening at St. Francis Hospital where she had been a patient for the past eight days.

She was born April 30, 1910 in Trenary and had lived there all her life.

Survivors include her husband, William; three daughters, Mildred and Jennie of Escanaba, and Mrs. John (Darlene) Stone, of New Baltimore, Mich.; seven sons, Arnold of Marquette, Edward, Roy, Alvin, Kim and Gary, all at home, and Leo of Escanaba; two brothers, Arthur and Armour Saari of Trenary; and two sisters, Mrs. Impi Niemi of Trenary, and Mrs. Taisto Rinnemake of Trautman.

Friends may call at the Anderson Funeral Home Friday from 4 to 9 p.m. The body will be removed to the Methodist funeral services will be held Church at noon Saturday where at 1 p.m. Burial will be in the Trenary Cemetery.

Servicemen May Apply For City Police, Fire Jobs

Young men from the area who are now in military service but want careers in law enforcement or fire fighting are not to be denied the opportunity to apply for such jobs in Escanaba, said Howard Smale, city administrative assistant.

"The city is taking applications for examinations for jobs in the police and fire department and we will not exclude servicemen from the application list," Smale said today.

He suggested that parents of young men in service consult with him at the City Hall in connection with sending applications to the boys. The city will forward the information to the man in service, or this may be done by the parents if they prefer, Smale added.

A Panax Publication

Ralph S. Kaziatek, General Manager

Jean Worth, Editor

Jubilee At Mackinac

There's going to be a big luncheon at St. Ignace in June to celebrate the 10th anniversary of the Mackinac Bridge and the lowering of tolls on the bridge. It will be sponsored by the new Associated Chambers of Commerce of Upper Michigan, of which Frank Bourke of Escanaba is the president.

The tolls are now \$3.50 per car. The earnings of the bridge, which increase with the traffic, will permit the lowering of tolls to \$3.25 on Jan. 1, but actually they're going to be lowered to \$1.50 a car.

This will be possible because the Michigan Legislature has earmarked a part of the state weight and gas taxes for retirement of bridge bonds.

The tax will contribute \$3.5 million a year to this purpose so the persons who use the Mackinac Bridge will be spared that much of the burden of paying for the bridge. Or rather they will have the expense transferred to their gas bills.

The present traffic on the bridge is about 1.4 million vehicles a year.

The gas tax subsidy will pay the differences in a toll of \$1.50 and one of \$3.25 for 1.7 million vehicles.

What if more than 1.7 million vehicles cross the bridge? (And a sizeable increase is expected when the tolls are reduced.)

It has been suggested that after the toll subsidy runs out the bridge users might have to pay the full toll.

State Senator Thomas Schweigert (R-Petoskey) says that the public shouldn't get excited by such a prospect. In the first place, he suggests, bridge traffic of a volume exceeding 1.7 million vehicles would enhance the financial stability of the bridge bonding, not weaken it.

"It was just a nit-picking lawyer's suggestion," said Schweigert, who visited New York for interviews with principal bond owners recently in company with Prentiss M. Brown, chairman; and Lawrence Rubin, executive secretary, of the Mackinac Bridge authority.

Metropolitan Life Insurance Co., the largest single holder of Mackinac Bridge bonds, has already approved the plan to reduce the tolls. Because the bridge bonds were difficult to market, an indenture was entered by which the Bridge Authority and State lost control of toll rates on the bridge. The indenture provides that an engineering firm will set the tolls at a level sufficient to meet the principal and interest payments on the bonds. When revenue has dropped the tolls have risen.

On New Year's Day for the first time in the decade since the bridge replaced the ferries at Mackinac, there will be a sign on the toll plaza: "Cut Rate." It will bring Mackinac City and St. Ignace, the Lower Peninsula and the Upper Peninsula, \$2 closer together.

Highway Robbery

Highway robbery has been around since the first track was cut through the first forest, but it's flourishing in a new form these days, says the American Automobile Association.

Files of Triple-A clubs bulge with case histories of victimized motorists. Most involve women, traveling alone or in pairs, far from home, on toll roads of Interstate freeways where limited access makes them "captive" of the road and easy prey for a few unscrupulous garage or service station personnel at or near interchanges.

A favorite tactic is to panic drivers into buying unneeded tires, batteries, parts and accessories. Trickery and fraud are used, if necessary — slashing a tire for instance, or disconnecting a wire to the starter and allegedly replacing it with a rebuilt one, which the car owner later finds out was the same starter he had before.

In one case reported by Cleveland AAA, a Chicago woman traveling alone through Ohio in a borrowed car stopped at a service station for gas. The attendant examined the battery and told her she would never make it back to Chicago. The terrified woman paid \$35 for a new battery.

When she returned home, she learned that the battery had been replaced less than a year before and that the new battery was not even the proper type for the car.

The AAA recommends several safeguards to prevent freeway fleecing:

- Patronize stations selling well-known brands of gasoline, near large cities if possible.
- Leave someone in the car when it is being checked over, if you can. Otherwise, move it away from the gas pump and be suspicious of any ill found later.
- If you buy a replacement item, insist that the supposedly defective part or accessory be put in the trunk for later rechecking.
- Travel with a list of AAA-approved stations, which guard their reputations carefully.

Drugs

The list of substances people use to shield — or as they may think, to sharpen — their minds against the rude demands of drab reality is almost as dizzying as the effects of some of them.

They range from the powerful heroin, morphine, LSD and STP through a long series of less potent stimulants, depressants, barbiturates, decongestants and chemical vapors such as glue, gasoline, carbon tetrachloride and paint thinner.

Almost every chemical or drug or weed or flower imaginable has at one time or another been tried by the kick-seeking fringe of the population. As new drugs are developed, they too find their way to the shelves of the underground psychedelicates.

Let's we think that the current wave of drug use abuse is a sign that a new fall of Rome is upon us, however, it may be useful to realize that drugs have been a phenomenon, if not a problem, in almost every culture.

In the 19th century, hippies of that day held chloroform parties and ether-sniffing jags. The philosopher William James experimented with nitrous oxide (laughing gas) to find the psychedelics truths it conveyed, although that word had not been coined then.

Today, the prophet of freaking-out, Timothy Leary, who would feel quite at home among the Sumarians, Aztecs and Incas, writes:

"I think that psychedelic drugs — marijuana, peyote, LSD, STP — are sacraments . . . If it flips you out, turns you on, blows your mind, it's holy."

The APH counters with an 18th century quotation: "The mischief is not really in the drug but in the people."

Letters To The Press

Contributions are welcome. They cannot be over 300 words and must be signed with name, address and phone number of writer and names will be used. The right to condense letters is reserved.

NATIVE

Carl G. Hogberg, head of U.S. Steel Corp's subsidiary Orinoco Mining Co. of Puerto Ordaz, Venezuela, wrote to a friend here:

Thanks for your newsy circular letter.

June and I were shocked and deeply saddened to read several weeks later in the Escanaba Daily Press of Roy Johnson's passing on March 13. Roy's tremendous courage was a fine example for all of us. We will miss him greatly as I'm sure all of you who were associated with him on a home town basis will also.

Your references to the Bay Shore, or simply "down by the bay" as we used to refer to it, brought a touch of nostalgia. I have many fine memories of some of the people who lived there, among them Jim Champ, who not only owned some fine violins, but also made them. I remember one summer afternoon when I was only about 13. I guess, when Jim showed me his collection, which included a Guarnerius. He then proceeded to give us a long concert of many old fiddler's tunes, most of which, I suppose, originated in Ireland.

I also remember our classmate, Clarence Erickson, and his brother, and also the Boyle family, who lived there. Emily Boyle was in my eighth grade class at Webster School.

I shall never forget Clem Flanagan, who was then principal of Webster School and had organized a group called the Parliamentary Club. Clem did a lot of wonderful things like that which no one ever gave him credit for, at least not that I can recall. The Parliamentary Club was made up of eighth graders who had an interest in learning something about parliamentary procedure.

The North Bay Shore was the swimming area for kids from North Escanaba and we enjoyed it tremendously. We had to wade out about a quarter mile to reach water of shoulder depth and our shoulders weren't very high in those days. We learned to avoid the northern part of the area, which was strewn with jagged pieces of slag from the old charcoal blast furnace which operated there around 1880, I believe.

I don't recall of there ever having been a drowning at that spot, although several occurred near the ore docks and in the river at Wells where we swam later as we grew older and more daring.

The North Western Railway's new ore handling facilities are of interest to all of us in the ore business, and I am looking forward to having a look the next time we are in Escanaba.

In mid-February I had the pleasure of a visit to our offices here from Mr. Walter Harnischfeger. He is one of the grand old men left in his line of business, and one of the last of the rugged individualists who did so much to make modern industry what it is today in the United States.

City Manager George Harvey is to be congratulated on his participation in and contributions to the substantial industrial expansions which have recently been announced for the Escanaba area. These developments are seldom the result of spectacular efforts over a few months, but rather reflect the steady progress in promoting a

favorable business atmosphere based upon a philosophy of cooperation between business and the community, as well as excellence and persistence in leadership that is geared to compromise and objectivity.

CONGRATULATIONS

Congratulations to the entire cast of "My Fair Lady." It was a marvelous production, and those who were unable to attend truly missed a wonderful performance.

Congratulations also to those on the production staff, the orchestra, all committees and to anyone else who made this production possible.

As in the song, "You Did It," I believe for just this once it should be indeed "You ALL Did It."

Miss Linda Flath
1024 S. 19th St.

People's Program

Mrs. Dorothy Maywood Bird
343 East Ridge Street
Marquette, Michigan

My dear Mrs. Bird:
All Escanabans welcome your complimentary comments on our community. Credit for all accomplishment belongs to our people.

We have always maintained that our people are our most valuable asset. They are proud they are cooperative, they are aware of what is taking place; and they provide a partnership in accomplishing our objectives.

Certainly, our streets are the best; our public buildings are very good, and our schools are excellent. We have an outstanding park system, and we have beautiful residential areas throughout our community. Our utilities have served the people well and are keeping pace in continuing this excellent service.

Our people are proud of their property and as community-minded citizens, are always striving to make Escanaba a little bit better. To accomplish any program or project requires an informed citizenry.

We, on the Council, are pledged to keep all avenues of communication open. In so doing, we are certain that Escanaba will continue to progress with the help of its people. Together, we will continue to make Escanaba a wonderful place in which to live and to work.

Sincerely,
Cecil B. Chase
Mayor

U Of M To Train Negro Collegians

ANN ARBOR (AP) — The University of Michigan will play host to 20 undergraduates and ten faculty members from southern Negro colleges for a multi-purpose training program this summer.

The Intensive Summer Opportunities Program is designed to increase the potential of the students for graduate study. The program is run by a consortium of universities, including Columbia, Harvard and Yale.

Questions And Answers

Q—What century-old border dispute has finally been settled between Mexico and the United States?

A—The Chamizal border dispute arising out of the shifting of the Rio Grande River in 1852. The portion of El Paso lying south of the river was returned to Mexico by formal ceremonies on Oct. 28, 1967. Chamizal is Spanish for the thick.

People, Events Of Yesteryears

From the Files of the Escanaba Daily Press

25 Years Ago

F. L. Houx, trainmaster of the U.P. division of the Chicago and Northwestern Railway has been transferred from Escanaba to Green Bay, Wis., where he will become assistant superintendent of the Lake Shore division. He will be succeeded here by R. E. Hamilton, a former resident of Escanaba.

50 Years Ago

Five Escanaba men were yesterday accepted for enlistment in the U.S. Navy. They are Thomas Duford, Arthur Anderson, Clifford Meteiver, Grover Jensen, and Clarence Ehnerd.

Dr. John J. Walch, who soon leaves to join the medical corps of the U.S. Army, was recently presented with two medical kits — one as a gift from the Yeomen lodge of the city, and the other from the Fraternal Reserve association.

"Quotes"

It is a shattering thing to realize that this great nation can be so shaken by such a little nation (North Vietnam).

—Gen. David M. Shoup, former commander of U. S. Marine Corps, calling for an end to the war.

Free speech can be very tiring.

—Czechoslovakian girl, after six hours of debate at a student mass meeting at Prague.

Adam apparently regards New York as a nice place to visit, but not to live in.

—Mayor John Lindsay, on the return of self-exiled Harlem Congressman Adam Clayton Powell.

We send our children off to school to make their way into the system, and then tell them the system is lousy.

—Psychologist Bruno Bettelheim.

Today's hand, an old favorite of bridge writers, looks run-of-the-mill and would be in rubber bridge. But when Helen White played it in the 1935 National Women's Pair tourney, she made an important overtrick at her five club contract.

That overtrick would only be 20 points in rubber bridge but it gave her a top score in match point play.

We aren't going into the merit or lack of merit of the bidding. In spite of vulnerability East might have ventured a heart overcall and it is doubtful if many North players opened with one diamond, but the diamond opening and the lack of an overcall set the stage for Miss White's play.

She played the deuce of spades from dummy. This risked nothing unless the defense could get in a surprise ruff. Helen started with two losers. She was taking one quickly and leaving the other for later — or was she?

Anyway East was in with the queen of spades and promptly returned the jack of diamonds. Helen took the ace, cashed dummy's ace and king of clubs and her own king of diamonds, discarded her four of diamonds on one of dummy's high spades, ruffed a diamond, entered dummy with the eight of trumps and discarded her heart loser on dummy's last diamond.

We doubt if many readers have recognized the name Helen White and it won't mean anything more if we tell you that she is now Helen Smith. However you will undoubtedly remember her if we tell you that shortly after 1935 she became Helen Sobel, who is still recognized as the greatest woman bridge player of all time.

BARBS

By PHIL PASTORET

Comes spring, the first thing to get cleaned is dad's wallet.

It's amazing: The gal who can't carry her own compact when you take her somewhere is perfectly capable of wrestling a six-burner stove across the kitchen at cleaning time.

The fellow who follows a good example better not let his wife catch him at it.

Free speech can be very tiring.

Ann Landers

Get Rid Of The Old Girl; But Quickly!

Dear Ann Landers: Two years ago my husband's father passed away. My mother-in-law, who had always treated him like dirt, suddenly became the most grief-stricken woman of the 20th Century. She cried, screamed, fainted, fasted, threw herself on everybody — especially her eldest son, my husband.

The biggest mistake of his life was saying to her at the funeral, "Don't worry, Mother, you will never be alone. You can count on us." She took him up on it right there and then and moved into our home the following week.

She couldn't bear to part with her dining room set so mine had to go. Her new freezer and refrigerator, which we could have used, went to her daughter. She had such strong sentimental attachments to her pictures, vases, throw rugs, and other assorted pieces of trash that she had to bring them along. Our once lovely home now looks like a second-hand junk shop.

I could stand it if all she ruined was the looks of our home, but she is ruining my health and marriage and our relationship with our children. Although this woman has a lovely large room she is never in it. She sits in on every conversation and voices her opinion on matters which do not concern her.

When I call my husband, SHE answers. When I call my children, SHE answers. When I speak to her she doesn't hear me. Please tell me what to do. My mother-in-law is driving me nuts. — SINKING FAST

Dear Sinking: It doesn't sound like a drive to me, lady. It sounds like a putt. And small wonder. Two years is a long time to be imprisoned in your own home.

There is only one solution to your problem — find your mother-in-law another place to live. And don't say you can't afford it. It's cheaper than sending you to a mental hospital — or maintaining separate roofs for you and your husband after you've filed for a divorce.

Dear Ann Landers: My 20-year-old daughter is expecting her husband back from Vietnam in May. She has not seen him in over a year. Unfortunately, she is pregnant and the baby is due just about the time her husband is scheduled to come home. He knows nothing of his wife's condition. For financial reasons Maryanna is getting her maternity

care at a military base. I understand from what I have read in the papers that the Red Cross notifies the men overseas when they become fathers. I have begged by daughter to write her husband and tell him of her condition but she refuses to do so. I just hate to have the Red Cross representative tell my son-in-law he is a father when he knows the child can't possibly be his.

Is there any way we can stop the Red Cross from relaying the message? Thank you for your assistance. — TROUBLE IN THE FAMILY.

Dear Family: Your daughter ought to discuss this problem with the chaplain of the hospital where she will have the baby. She should explain the circumstances and ask him to intercede on behalf of the young man. It would be a shattering blow if he received the news in that manner.

Unsured of yourself on dates? What's right? What's wrong? Should you? Shouldn't you? Send for Ann Landers' booklet "Dating Do's and Don'ts," enclosing with your request 35c in coin and long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a self-addressed, stamped envelope.

T-Sgt. Daniel W. Lynch, of Columbus Air Force Base, Miss., isn't the only one wearing a uniform in his family. His two sons, Larry and Daniel, Jr., ages 15 and 16, respectively, are members of the R.O.T.C. squadron at Lee High School in Columbus.

Sgt. Lynch is the son of Mrs. Chester Lynch, 803 Michigan Ave., and the late Chester Lynch. He has been in the Air Force 19 years and will leave June 15 for Vietnam. He is with the 454 Bomb Wing.

Sgt. and Mrs. Lynch have five children and they will remain at Columbus while he is away.

Clean-Up No Bar To Industry, Says Secretary Udall

WASHINGTON (AP) — Secretary of the Interior Stewart Udall said Thursday the 1965 water pollution control act will not prohibit new industry from locating near rivers.

"You can have new industry locating on the rivers and still have the water quality significantly improved," he told the House Public Works Committee.

But Udall added: "new industry that comes in will be required to have new sewage treatment equipment."

He said the latest estimate for cleaning up the nation's rivers is \$8 billion for cities and \$2.6 billion to \$4.6 billion for industry.

Udall described as a "bugaboo issue" the question of whether the Interior Department would intrude into state decision-making when a plant location on a river would impair the river's purity. He said the issues would be resolved by the states in nearly all cases.

Briefly Told

The Gladstone Women's Dartball League will hold their banquet Saturday, May 4, at the Gladstone Legion Club. The cocktail hour will run from 7 to 8 p.m.

State Police issued traffic summonses Thursday to William Hossele, 522 2nd Ave., No., Escanaba, speeding, and Stephen Majher, Bay City, speeding.

MRS. WILFRID T. DEMPSTER of Ann Arbor, announces the engagement of her daughter, Lynn Taylor, to R. Michael Newman, son of Mr. and Mrs. Edgar A. Newman of Gladstone. The prospective bride, also the daughter of the late Dr. Dempster, received her degree from the University of Michigan recently where she is in Phi Beta Phi sorority. She is an alumni of the University High School. Her fiancé received his bachelor's degree from Michigan State University and is a research assistant at the National Sanitation Foundation in Ann Arbor. The couple plans to marry August 31.

Barrie's Play Is Disappointment

By CYNTHIA LOWRY

NEW YORK (AP) — Sir James Barrie's turn-of-the-century comedy, "The Admirable Crichton," has not survived years and change very well, even with the help of some plastic surgery in the form of a TV adaptation.

The play was the last of the season's "Hall of Fame" series on NBC and was, perhaps, the most disappointing of all.

In a day when the word "servant" is used primarily by politicians on the campaign trail and when the live-in domestic is almost as rare as the golden eagle, it is hard for the contemporary audience to identify with the horrendous social problems posed by Sir James' little fable.

The play began as a Colonel Blimp type, Lord Loam, was about to make his annual demonstration of a democratic philosophy by having his three daughters and their beaus entertain his household staff at a formal tea.

Party Is Ordeal

It was made clear immediately that, while the daughters snobbishly deplored the custom, the party was a definite ordeal for the ladies, maids, cooks, chauffeurs and gardeners.

But it was his lordship's butler, Crichton, pronounced cry-ton, who believed most devoutly in caste distinctions.

Then the Loam family and friends—two foppish fiancées—were shipwrecked on one of those lovely "Gilligan's Island" tropic spots with Crichton and one of the kitchen maids.

As was inevitable in a play that telegraphed its twists and turns far in advance, Crichton was forced to take command of the party. And, naturally, the aristocrats moved into the servants' roles.

Treat To Eyes

"The Admirable Crichton" could have only one ending. The party was rescued after several years on the island. And everybody reverted to his old role and position in life upon returning home. Except Crichton, who found lordling it over the shipwrecked party so exhilarating that he decided to get out of service.

Bill Travers, a British actor, played Crichton with the stiff formality of a Wodehouse character. His wife, Virginia McKenna, was the lord's daughter and the subject of his island romance.

Although the material left much to be desired, and the comedy lines of a 1960 satire often seemed more silly than witty, the 90-minute program was still a treat to the eye. The settings were beautiful and so were the costumes.

Furness Asks Ghetto Ethics

GRAND RAPIDS (AP)—Betty Furness, special assistant to the President for Consumer Affairs, today called for ethical merchants and the national community to "get together and establish a code for the ghetto marketplace."

She says there is "ample evidence" in the riots in the nation's major cities that the "poor of this country are frustrated over the treatment they are receiving at the hands of some of their merchants."

Her remarks were made in a speech prepared for delivery to the Michigan Credit Union League in Grand Rapids.

"I do not believe all ghetto merchants are guilty of unethical practice. Many of the merchants whose stores were burned or looted were fair and honest businessmen serving the market as best as they could," she said.

"But we cannot mistake the fact that a plentiful amount of spleen was vented last month and last year against merchants who had either cheated the poor or given them that impression," she said.

She called for voluntary business action, federal aid, municipal response to local problems and voluntary community action to correct the problems in the ghetto.

Professions Week

LANSING (AP)—Gov. George Romney has proclaimed the week beginning Monday as professions week in Michigan as nursing week in Michigan and designated May 12-18 as nursing week in the state.

Collegians Give Kennedy Help

DETROIT (AP) — Backers of Sen. Robert F. Kennedy's bid for the Democratic presidential nomination said Thursday that 2,000 Michigan college students would head for Indiana this weekend to help Kennedy's campaign in the Indiana primary.

The students were to go to major Indiana cities for a door-to-door, get-out-the-vote campaign, the Kennedy for President Committee said.

The Indiana primary will be Tuesday.

The committee said most of the students would return to Michigan Sunday, but that some would stay over to help up until the primary voting is under way.

Participating students are from Michigan State University, the University of Michigan, Western Michigan University, Central Michigan University, Eastern Michigan University, Wayne State University, the University of Detroit, Kalamazoo College, Nazareth of Kalamazoo, Oakland University, Marygrove College, Oakland Community College, the U-M branch at Dearborn, Henry Ford Community College, Flint Junior College, U-M branch at Flint, Albion, Bay City CC, Calvin Davenport JC, Grand Valley JC and Aquinas.

Paper Workers Ratify Contract

PORT HURON (AP) — Members of two unions representing 340 workers at Port Huron Paper Co. Thursday ratified a new one-year contract calling for a general five per cent pay raise. The unions involved were the Local 193 of the United Papermakers and Paperworkers and Local 156 of the International Brotherhood of Pulp, Sulphite and Papermill Workers. The old contract expired Wednesday.

TRADITIONAL LOOK: This is very much how the Queen Anne houses of the American settlers looked, with gambrel roof, windowed dormers and shuttered, multi-paned

windows. But this modern version has a two-car, attached garage rather than a stable separated from the house.

Varied Queen Anne Style

By ANDY LANG

Early American homes varied considerably. How they were built depended mainly on the national derivation of the first immigrants, but also on such things as climatic condition in the different areas and the availabilities of certain materials. Thus, there were Cape Cods, Georgians, Garrisons, Spanish stuccos, Dutch Colonials and many others, each with several variations.

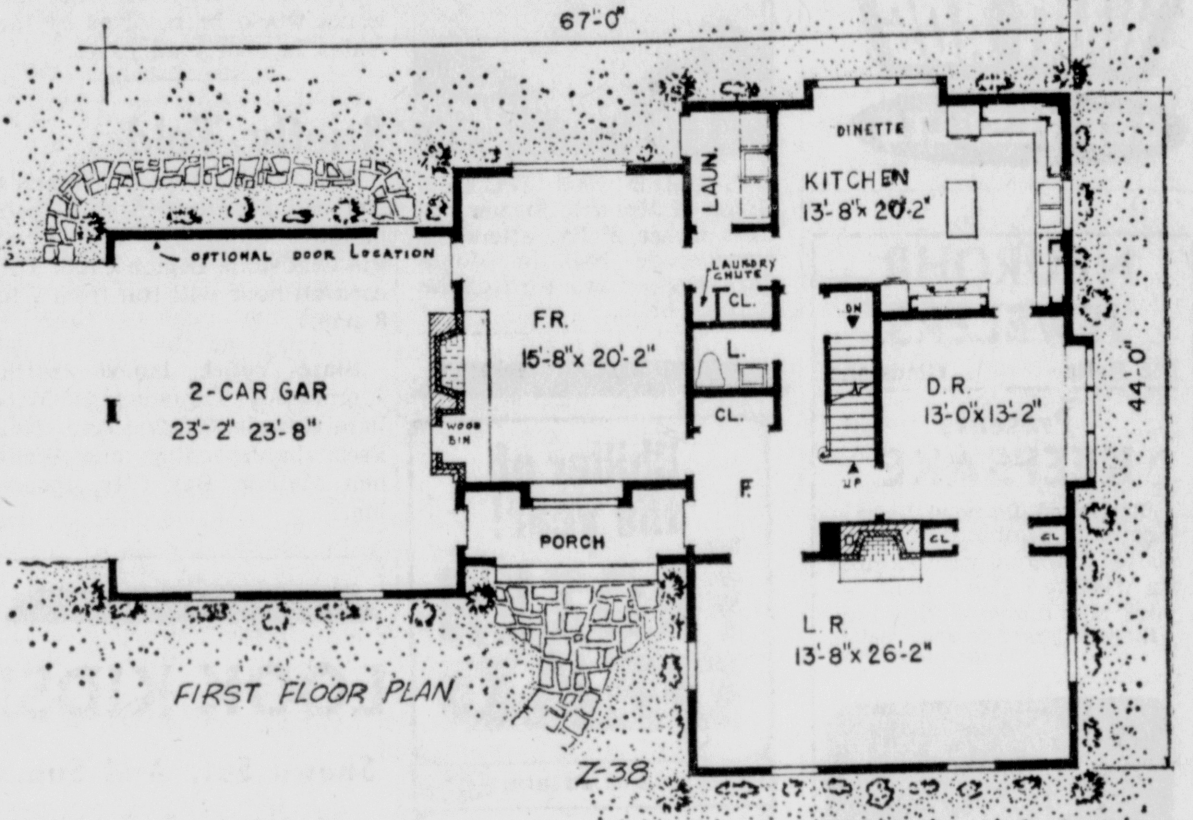

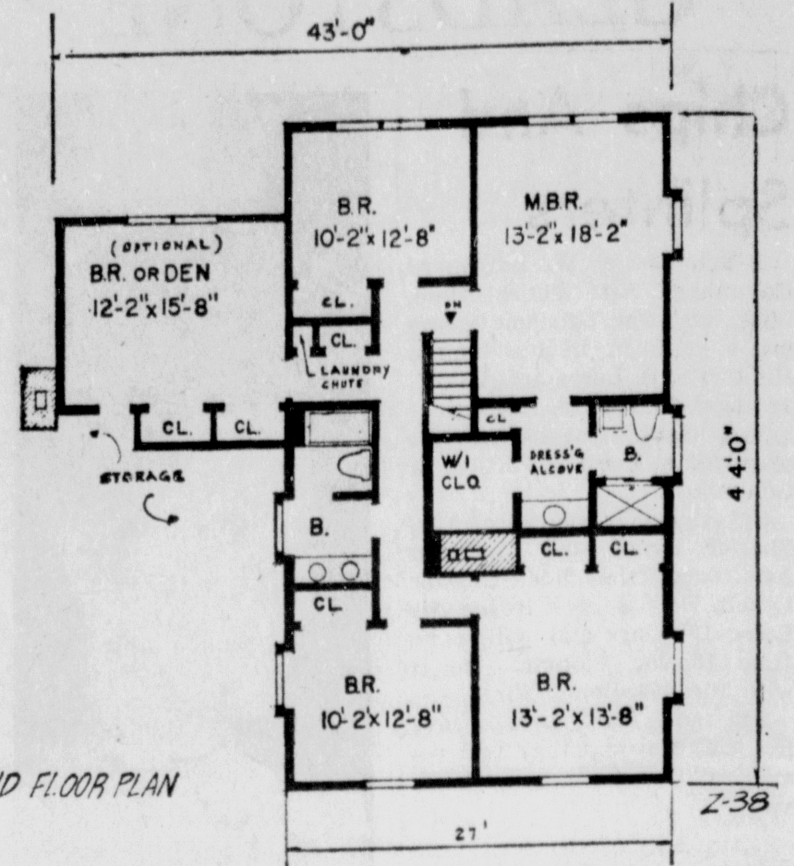

One of the most interesting of these was the Queen Anne. Like the Dutch Colonial, it had a gambrel roof; that is, a roof with a broken slope of two different angles. The principal difference between the two styles was the presence in the Queen Anne of dormer windows in the lower part of the roof.

A variation of the Queen Anne has been created by architect William G. Chirgottis for the House of the Week series. The gambrel roof has been designed with no attempt to achieve a slope of a certain number of degrees, but for the particular purpose of sheltering the four bedrooms on the second floor without sacrificing floor space. The broken roof lines and the large chimneys add to the free interpretation of the design.

While the exterior has all the charm of the 18th century houses of its type, its floor plan fulfills the requirements of modern residential layouts. The much desired good traffic pattern is evidenced, since one can go from the entrance foyer to the kitchen, dining room, living room and family room on the first floor, or to the bedrooms on the second floor, without cross-room circulation.

The kitchen offers more than 20' of width across the back of the house. The U-shape of the work area provides a maximum number of counter tops and cabinets in a minimum amount of space. The picture bay window in the breakfast section or dinette gives a clear view of the backyard, and the window over the kitchen sink assures plenty of light and air. Only a few steps away is the rear service entry, with a mud-room closet and a laundry chute from

Z-38 STATISTICS
Design Z-38 has a fireplaced living room, a dining room, fireplaced family room, kitchen, lavatory, laundry room and foyer on the first floor, with a total habitable area of 1236 square feet. Four bedrooms, two baths and a den on the second floor add 1188 square feet. A two-car garage has a side entrance, but could be built with rear doors if desired. The plans call for a full basement. Overall dimensions are 67' by 44', which include the garage.

FLOOR PLANS: Those who like spaciousness will appreciate the sizes of the principal rooms in this layout. The living room is 26' 2" long; the family room and kitchen are more than 20' each; and the master bedroom is 18' 2", plus a dressing alcove.

Killed In Vietnam

KALAMAZOO (AP) — Army Pfc. Lyle Allen Jr., 19, of Allegan and Army Pfc. Richard S. Banks, 20, of Kalamazoo, have been reported killed in action in Vietnam.

Allen was the son of Mr. and Mrs. Lyle Allen of Route 1, Allegan.

Banks was the son of Mrs. Robert L. Beck of 6446 S. 34th St., Civilian Township.

International Space Law Agency Needed

CAPE KENNEDY, Fla. (AP) — Should a U.N. space agency be created to launch all "spy-in-the-sky" satellites for the United States, Soviet Union and any other nation that gets into the act?

Would the United States be breaking the U.N. space treaty, which prohibits "national appropriation" of the moon, if Apollo astronauts bring lunar rocks back to earth as planned?

Should a group similar to the International Atomic Energy Agency be created to supervise all space activities, acting as a "space court" to settle disputes? Can a nation legally shoot out of the skies a high-flying reconnaissance aircraft or spy satellite passing over its territory? Or, in other words, how high up does a nation's territorial limit go and where does "free space" begin?

Working through a variety of national and international groups, specialists in space law and from many nations are attempting to settle these and many other provocative questions to head off conflicts before they start.

They are making an effort to project law into space ahead of the mainstream of men and machines.

"More has been accomplished in projecting law in outer space in the last 10 years than all the diplomats in history have ac-

complished projecting the rule of law on earth," says Harold Berger, Philadelphia attorney and chairman of the Federal Bar Association's Committee on Space Law.

"We already have a space treaty signed by over 60 nations," including the United States and Russia, and approved by the U.N. General Assembly in 1966, he said. More recently another agreement initiated by U.N. members, including Russia and the United States, provides for assistance and safe return of astronauts forced down on foreign territory by space mishaps.

Many legal questions still remain unresolved, however. In interviews conducted during a recent conference on space law at Cape Kennedy, Berger and other specialists in space law discussed problem areas and steps being considered to overcome them.

"There is need for an international organization dealing exclusively with space matters," said Dr. Isidoro Zanotti of Brazil, a member of the Inter-American Bar Association's Space Law Committee.

"It should be similar in respects to the International Atomic Energy Agency, a general conference in which the governments are represented," Zanotti said.

the second floor to the laundry room.

The huge living room—more than 26' long—has a fireplace and wall areas well suited to various kinds of furniture arrangements. The adjacent dining room is accessible from the living room, kitchen and entrance foyer. Off this foyer are a lavatory, a stairway to the second floor and a family room, which has a brick fireplace with wood bin, paneled walls and a sliding glass door leading to the outdoors.

On the second floor, three bedrooms are close to the main family bathroom. The master bedroom has a dressing alcove with a walk-in closet, a private bath with a shower stall and a full-length counter vanity. Entrance into this area is through louvered doors, which may be left open, if desired, to provide a "dressing room" appearance. An optional addition room on the second floor can be used as a den, sewing room or a fifth bedroom.

The old-time flavor of the house has been preserved by

Citizens Protest Sale Of Utility

ALLEGAN (AP) — The city of Allegan has hired Washington attorney Howard Warrenbreck to represent it in U.S. Court of Appeals proceedings in connection with the sale of the city's electric plant. Citizens for Allegan County Inc. is seeking reversal of federal power commission approval Jan. 29 to sell the generating facilities to Consumer's Power Co. The FPC granted a stay as requested by the citizens group.

The runic alphabet gradually passed out of use, with the Scandinavian countries using it longer than any other region.

Deputy Is Fired

ANN ARBOR (AP) — Deputy Fred J. Postill was fired Thursday by Washtenaw County Sheriff Douglas J. Harvey after a sheriff's department trial board found him guilty of insubordination.

Timber Marketing Trial Is Advanced

By JEAN WORTH

GAYLORD — Directors of Upper Great Lakes Timber, Inc., approved bylaws of the new non-profit corporation here Wednesday and started search for a director of the demonstration of wood harvesting and marketing that it will sponsor under contract with the Michigan Department of Commerce.

The U.S. Secretary of Commerce is expected to provide \$107,250 to the Michigan Department of Commerce for funding the Upper Great Lakes Timber, Inc., program for one year.

It is the first project proposed in the new program of the Upper Great Lakes Regional Commission, which is Northern Michigan, Wisconsin and Minnesota's share of the national Appalachia program to stimulate regional economies with federal projects.

Hoholik Is Head

Frank Hoholik, president of Manistiquet Pulp & Paper Co., and president of the new Upper Great Lakes Timber, Inc., presided at Wednesday's meeting here and John Kavanagh of the Michigan Department of Commerce represented it. Among those attending were Harold Vanlerberghe of Escanaba, chairman of the Michigan Advisory Task Force to the Upper Great Lakes Regional Commission, and Edward Khoury, Iron Mountain, a director of Timber, Inc.

Ray Pfeifer, Lansing, Michigan Conservation Department, and John Hodge, Petoskey, Michigan State University resource development agent, who wrote the demonstration project in wood harvest and marketing, were also present.

State Projects

The U.S. Department of Commerce has granted \$400,000 to the Upper Great Lakes Regional Commission for fiscal 1967 ending July 1 for demonstration projects.

Michigan's will be the wood demonstration project.

Wisconsin's will be a lake rehabilitation project.

Minnesota proposed but has now abandoned a peat moss project, and is considering a wild rice project.

Tom Francis is the federal

co-chairman of the Regional Commission and the governors of the three states are the other commissioners. Governor Romney has received Michigan's project proposal for relay to the Secretary of Commerce for funding before May 15.

Comprehensive View

Among the actions of the directors here was one to bolster the representation of wood producers of Michigan in the board of directors of Upper Great Lakes Timber, Inc. It also draws on wood industries, education, banking, government, insurance underwriting, and other elements of the industry, and a review board to be created by the Michigan Department of Commerce will include representatives of the Wisconsin and Minnesota Departments of Natural Resources.

The aim of the project is to demonstrate practical ways of improving use of timber resources in the Northern Great Lakes States. The demonstration to be performed in a demonstration project area still to be chosen in the central or eastern Upper Peninsula will involve harvesting, distribution, processing and marketing.

Problems Cited

Major problems to which solutions will be sought include:

1. Comparatively low income for wood producers and workers in large part because of unpredictable markets, weather influences, and less efficiency than in many other industries.
2. Large and continuing fluctuations in wood supply and demand.
3. Failure to fully use all timber from mixed stands.
4. Poor timber management.
5. Inadequate communication and poor relationships between landowners and people in the wood industries.

A Gaping SINKHOLE, some 125 feet in diameter and 50 feet deep, gobbled up part of a \$40,000 home owned by Mrs. Evelyn Bruton in Winter Haven, Fla. Workmen were to attempt Wednesday to fill the cavity, which was still enlarging at a slow rate. Some 200 truckloads of dirt were dumped into the hole, but barely made a dent in the opening. (AP Wire-photo)

Car Output At 2½-Year High

DETROIT (AP)—Cheered by a consumer buying spree in April's waning days, the nation's major automakers plan to produce this week the most new cars in any week in the last 2½ years. And they have their sights on assembling a record 845,000 cars in May.

New car sales showed a 15 per cent increase in the last 10 days of April over the sluggish middle 10-day period as auto sales for the year were 12 per cent above the first four months of 1967.

However, the late surge in April was not enough to lift the car sales above the daily rate of sales a year ago. Last month, which had 26 selling days, had a daily rate of 28,058 sales. In the same month last year, which had one less selling day, the daily rate was 28,408.

With the aid of the extra selling day, the total April sales for General Motors Corp., Ford Motor Co., Chrysler Corp., and American Motors Corp. were a 2.7 per cent increase over April of 1967.

New car sales for theyear climbed to 2,750,211, compared with 2,453,852 at the end of the first four months last year.

The auto industry scheduled the production of 214,265 cars for the week, which is the largest amount since Dec. 6-11, 1965, when 214,509 new automobiles were assembled.

Daily oil output of the United States averaged nearly 8.8 million barrels during 1967.

Detention Center Thefts Charged

GRAND RAPIDS (AP)—Peter Bol, 33, of Grand Rapids, demanded examination Thursday on a charge of stealing items from the Kent County Juvenile Court detention center where he worked as a shift supervisor. Police said they recovered clothing, toilet goods and two chairs from Bol's home, allegedly taken from the center. He was released on \$1,000 bond.

AMC Promotes Five Executives

DETROIT (AP)—Five senior American Motors Corp. executives were promoted to new posts Thursday, the firm announced.

John C. Secrest, vice president for finance, was named vice president for corporate affairs, reporting to the board chairman.

Gerald C. Meyers, vice president for automotive manufacturing, was named vice president for automotive product development. Secrest and Meyers were named to posts that were newly created.

The other appointments elevated AMC executives to vice presidencies. They are Alan H. Foster, vice president and treasurer, Iain M. Anderson, vice president and controller, and Stuart M. Reed, vice president of automotive manufacturing.

In Nevada there are some 30 range-sheep outfits operating. There were twice that many just before World War II.

Detroit Police Seek Motive In Mystery Killings

DETROIT (AP)—Police today continued their investigation of the mysterious slayings of three Negro men in a Detroit apartment and an inspector said that the probe is stumped at the moment for lack of a motive for the killings.

"We have no suspects and no motive," the inspector said. "It would really help our investigation if we could come up with the motive."

The victims were William Jackson, 38, a Ford Rouge plant worker, Donald S. Pressley, 25, an employee of Herman Keifer Hospital, and Robert Gillum, 27, who apparently was unemployed.

All lived in Detroit, but not at the apartment where the bodies were found. Police said the four residents of the apartment, who reported finding the bodies and summoned police, said they were away from the apartment when the killings took place.

Police also said the apartment residents could not explain what Jackson, Pressley and Gillum were doing at the apartment.

Peninsula's Future Tied To Recreation

By BARBARA JOHNSON

Dr. Howard Tanner, MSU director of natural resources, told a "listening session" for MSU specialists he sees a water oriented, generally recreational based economy for the Upper Peninsula. He also sketched plans designed to balance seasonal activities and stressed the need of continued planning to take advantage of the area resources.

George S. McIntyre, director of the MSU Cooperative Extension Service, chaired the invitational dinner meeting held Wednesday evening at the Fireside.

The Michigan State University sponsored event was held to allow residents from a six-county area to voice their opinions on how MSU, through teaching, research, and extension, can better serve the U.P.

Insurance Coverage

The discussion ranged from establishment of a marketing association and yard for timber dealers; to getting people interested in community activities; and included criticism of the selectiveness of insurance companies in accepting rural risks at high rates which scuttle the opportunity for rural development. This, some of the group felt, eliminates the purpose of insurance.

Several questions were raised concerning the need for more research in transportation, with the emphasis on utilization of waterways; upgrading the fishing and hunting potential; population trends and how to meet the demands for future services; and how to utilize the tree tops, chips and other waste products of lumber mills.

Coho Problem?

A Mackinac County representative said that there are farms in his area which don't produce and can't produce because of the U.P.'s short growing season. He urged MSU to do some research in products which can be grown and harvested in the U.P. to meet competition from other areas. And 140,000 acres of agricultural

land is going foul in Mackinac County, he said.

A lack of Extension personnel to better assist the people in each area was noted. Suggestion was made that an assistant be created to help the extension agent.

Asking if the coho salmon will create a problem when, after three years, they spawn and die, Dr. Howard Tanner, MSU director of natural resources, said he didn't foresee a problem as the cohos will enter the mouths of rivers to spawn at predictable times and places.

Fish Processing

"I visualize, very generally, a recreation based economy for the Upper Peninsula," Tanner said.

"Since the coho comes back for management procedure (when they enter the mouth of the rivers and creeks) in the future a commercial harvest will occur."

Tanner said that the State of Michigan was attempting to put together a checkerboard of events to fill every season of the year — fishing, hunting, skiing, etc.

"We are water-oriented with recreational resources. Our other resources include space (ski slopes, game management, mining, all require a great deal of space); our user groups are from our sparse population areas and can ignore one another as they use the facilities with no friction. There is a need for planning, however, so that we might recognize our neighbor's values and uses," Tanner continued.

Kelly Welcomes Group

David Kelly president of the Chamber of Commerce, extended a welcome.

Dr. Thomas K. Cowden, dean of the MSU College of Agriculture and Natural Resources, said that he felt one of the most important problems in the next 50 years will be the wise use of leisure time.

Discussing on the three areas in which MSU contributes to community betterment —

teaching, research and Extension services — Dean Cowden said he felt courses should be offered in appreciation of our natural resources.

"We have courses in art appreciation, music theory and appreciation, drama. Why not offer a course so that people will appreciate and understand our natural resources?"

Wide Interests

"Research benefits we are experiencing include the coho salmon. This is a result of scientists applying, scientifically, what they know about fish. We use science much more now than ever before."

"Extension is responsible for getting the information out to the people — information accumulated through research and teaching," he concluded.

Director McIntyre thanked the group for attending the meeting and their frankness on U.P. issues they feel are vital. Representatives were present from Schoolcraft, Alger, Luce, Delta, Mackinac and Chippewa counties, with a cross-section of interests including resort and motel, restaurant, financing, industry, chambers of commerce, communication media, educational institutions, as well as state and federal agency people.

Two Are Injured When Car Rolls

State Police investigated an accident which occurred Wednesday at 9:15 p.m. in Thompson Township.

A car driven by Kerry Trent Nelson, Rte. 1, Manistique went out of control, rolled over, and struck a tree.

Ronald Savage, 18, a passenger in the automobile, and Nelson were taken to Schoolcraft Memorial Hospital for treatment. A second passenger, Lyle Reid of Cooks, was uninjured.

State Police ticketed Nelson for speeding, driving too fast for conditions, and defective brakes. There was minor damage to the automobile.

A STUDENT PROTESTOR is helped by friends after he was hit and bloodied by New York City policemen swinging nightsticks as they broke up the sit-ins on the Columbia University campus. (AP Wirephoto)

Runeberg Honors Charles Nelson

Charles Nelson will be honored next Wednesday by the International Order of Runeberg on the occasion of his 90th birthday.

The local lodge will gather at the Nelson home, 738 Michigan Ave., to commemorate the birthday anniversary of their honorary president.

Nelson is the oldest member of the Manistique chapter of Runeberg and a loyal member who rarely misses a meeting.

Social

Study Club

Study Club will be held Monday evening at the home of Mrs. Carl Carlson, 222 Range St., at 8:30. Mrs. Fred Cayia Jr., will be the assisting hostesses and Mrs. John Kelly will present the book review.

CLASSIFIED ADS COST LITTLE BUT DO A BIG JOB

Merit Scholars

EVANSTON, Ill. (AP) — The National Merit Scholarship Corp. announced Thursday that 141 Michigan youngsters had been named NMSC winners of scholarships.

Twenty-two of the youngsters won \$1,000 scholarships.

Briefly Told

The Barnes Hotel Bowling Team was omitted in the final standing report of the Women's Wednesday Night League. The Barnes team finished third in a field of 16. Team members are Lois Elmerman, captain; Claire Sangraw, Verna Blowers, Helene Braun, Jerry Sleeper, and Cubby Olson.

A story hour will be held Saturday morning at 10:30 at the Manistique School and Public Library. Sponsored by the Community School, any child three years or older is invited to attend.

Fishing Better; Water Is Lower

We are enjoying cool evenings and moderately warm days, interspersed with some precipitation. Streams in the southern portion of the district are almost back to normal; those in the northern portion are still high but receding. Lake levels are normal in the southern portion of the district, exceptionally high in the west central portion and high in the north. Roads are fair to good in all areas. The arbutus are in bloom and the more hunters are beginning to find trimmings for their steak.

Rainbow (Steelhead) runs are good in the Lake Michigan watershed of Schoolcraft County; slow in the Mackinac County area but fair in the Lake Huron watershed. The spring run is still spotty along the south shore of Lake Superior but is scheduled to get better by this weekend and the next.

Brook Trout: Stream fishing is poor, however some trout were taken from beaver ponds. Some of the inland trout lakes that are producing good catches are Peanut, Youngs, Lost, Dillingham, Ward and Brush lakes, Luce County and Millicouin Trout Pond, Mackinac County.

Splake: Good catches are reported from Pretty, Holland, Tank, Benny and Moon lakes, Luce County.

Coho (Silver) Salmon: A few fish are reported taken from East and West Bay (mouth of Sucker River), Grand Marais, Alger County. Minnows and shiny spinning lures are best bait.

Yellow Perch: Fair catches are being made in Potogannising Bay, Drummond Island and Waiska Bay near Brimley in Chippewa County. Fishing is

slow in the Les Cheneaux Channels. Perch are also reported in the vicinity of Naubinway.

Whitefish: Good catches are reported off the coal docks at the head of the St. Mary's Rapids in the Soo.

Menominee: Excellent catches are reported made at the mouth of the Big and Little Two Hearted Rivers and Blind Sucker River, Luce County. Some are also taken at the mouth of the Seven Mile, Hurricane, Cable Creeks and Sucker River, Alger County.

40,000 18 month old (4-5") coho were stocked in the Sucker River, Alger County on April 24th; and 50,000 18 month old coho will be stocked in the Carp River, Mackinac County today. If located, fishermen are requested to refrain from fishing over these fish as they migrate to Lake Superior and Lake Huron respectively.

Hazard Of Fire High In Forest

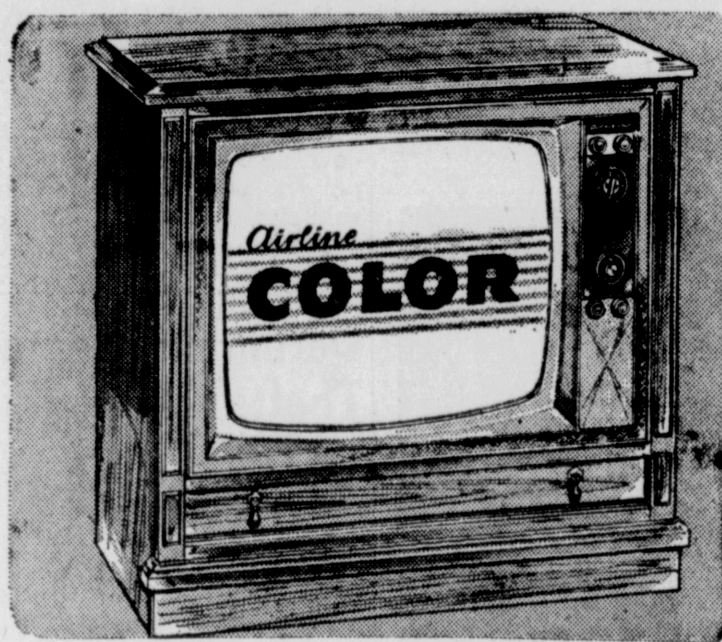

The forest fire hazard is still high, particularly along Lake Michigan and in the southern part of Schoolcraft County, due to cold nights that hold back the new growth of vegetation, George W. Young, forest fire officer of the Conservation Dept. reports.

Young commends the excellent job people have done in keeping their fires controlled. He said that 228 burning permits have been issued this year for private burnings.

Extreme caution is urged in doing any burning because conditions are still dry and the days are windy.

Acres loss in fires around the Manistique area this year totals 151. There have been 20 forest fires already in this area.

Vatican City consists of 109 acres on the west bank of the Tiber River.

Women's Activities

Eagles Auxiliary Plans Mother-Daughter Party

The Escanaba Eagles Auxiliary held its regular meeting Wednesday night, May 1. Plans were made for the annual Mother and Daughter Party to be held May 15. Dinner will be served at 6:30 p.m., followed by entertainment. Mrs. Grace Olson is chairman.

The following officers were elected for the year:

Mrs. Ruth Elworth, junior past president; Mrs. Clarence Greis, madam president; Mrs. Alex Young, madam chaplain; Mrs. Art Walker, madam conductor; Mrs. Earl Runkel, madam secretary; Mrs. Ragner Johnson, madam treasurer; Mrs. Vernon Rousseau, inside guard; Mrs. William Ettenhoffer, outside guard; Mrs. Lawrence Larson, Mrs. Oliver Brazeau and Mrs. Ruth Norman, trustees.

Mrs. Wilber Elworth was elected delegate to the state convention to be held in Flint, June 6-7-8. Mrs. Clarence Greis is alternate.

Donations were authorized to the following local projects: Rotary Club for Camp Harstad, Lions Club for Sight and Blind Fund, Oral Deaf Group and Orthopedic Room at John Lemmer School, Exchange Club Dental program, Better Hearing and Speech program, Delta County Chapter of the Cancer Society, Red Cross Blood Bank.

The Auxiliary will also sponsor one pupil from the John F. Kennedy School at a summer camp. There will be no meeting on May 15 because of the Mother and Daughter party.

Ivan Sundquists Mark Their 31st Anniversary

The weekend of April 20 was a busy one for all members of the Ivan Sundquist family, who attended a wedding, celebrated a birthday and a 31st wedding anniversary.

The wedding was that of Miss Sharyn Sundquist to James Caszatt at St. George Church, Saturday at 6 p.m. The former Miss Sundquist is the daughter of the Leslie Sundquists.

Linda Ann Charbonneau, grand-daughter of the Ivan Sundquists, celebrated her fourth birthday with a party and the grandparents observed their 31st wedding anniversary.

Ivan Sundquist, son of the late Mr. and Mrs. Louis Sundquist of Bark River and Mae Tweedale of Trenary, were married April 17, 1937 in Marinette. They have lived in Bark River most of their married life.

Mr. Sundquist is service manager for the Bark River Culvert and Equipment Company of Escanaba. They have four children: Mrs. Rayne (Donna) Charbonneau; Louis; Mrs. David (Jacquelyn) Harris, all of Milwaukee and Mrs. Adolph (Jill) Getzloff of Wilson, all of whom were present with their spouses and families for the occasion.

Mr. and Mrs. Paul Rademacher (Ridings Studio)

Paul Rademachers Are Married Fifty Years

Mr. and Mrs. Paul H. Rademacher of Rte. 1, Jaeger Road, Escanaba, celebrated the 50th anniversary of their marriage on Saturday, April 27, beginning with an 11 a.m. high Mass celebrated at St. Joseph's Church.

The Rev. Marian Douglas O.F.M., a nephew of the couple, came from Cincinnati, Ohio to celebrate the High Mass. Acolytes were Tim Kobasic and Steve Ammel, grandnephews of the couple and the St. Joseph's Girl's Choir with Cathy Hughes, organist, provided the music for the service.

Buffet Dinner
Immediately following the Mass a buffet dinner was served in the church parish hall. The dinner was catered by members of the St. Joseph's Altar Society.

Presiding at the double silver service were Mrs. Peter Jaeger and Mrs. Phyllis Rademacher Dahm and Miss Alice Jaeger circulated the guest book. Mr. and Mrs. Elmer Bonifas presided at the punch bowl and Rosie Bonifas was in charge of the 'tiny tot' punch bowl.

The four tiered anniversary cake, decorated with white roses and gold leaf was made by Mrs. Charles Hughes and cut and served by Mrs. Ivan Kobasic.

Mrs. Rademacher greeted her guests attired in a two piece periwinkle blue suit dress with matching accessories and corn-

flower hat. She was presented a corsage of trailing arbutus with inserted rosebuds.

1918-1968

Mr. and Mrs. Rademacher were married at St. Joseph's Church on April 25, 1918 and attending the bride 50 years ago were the Misses Bernice and Alice Jaeger, twin sisters of the bride.

Mr. Rademacher is a retired car inspector for the Chicago & North Western Railroad where he was employed for 45 years. He served in World War I in the Archangel area.

The Rademachers reside on their acres on the Jaeger Road where they enjoy their flowers and berry fields.

The Rademachers are the parents of 12 children: Mrs. Grant (Major Jean) Mension of the Air Force, who is leaving for the Philippines this month; Mrs. Roman (Elaine) Feltes of Arcadia, Wis.; Paul D. Rademacher of Scottsdale, Ariz.; Mrs. Arnold (Ruth Ann) Sullivan, Berkeley, Calif.; Mrs. John P. (Micky) Gaffney of Sacramento, Calif.; Mrs. Walter O. (Patricia) Hoppe of Wauwatosa, Wis.; Mrs. Joseph (Bernice) Buda, Milwaukee, John Joseph Rademacher, Miami, Fla.; David N., St. Paul, Minn.; Mrs. Harvey (Marjory) Gendreau of Escanaba, Robert F. of Drexel Hill, Pa. and Miss Nancy M. Rademacher of Chicago.

Out Of Town Guests

Out of town guests included: Miss Nancy Rademacher, Mrs. Frances Erpeling, Milwaukee, Mrs. Marguerite Richard and Harold R. Richard, Iron Mountain, Mr. and Mrs. Richard Douglas, Green Bay, M-Sgt. and Mrs. Grant Benson, Abilene, Texas, Mrs. Anthony Azzarella and Mrs. Gertrude Bolary, Brookfield, Ill., Mrs. Gary Ringland, Berwyn, Ill., Mrs. Joseph Buda and children, Milwaukee, Mr. and Mrs. Walter Hoppe and family, Wauwatosa, Mrs. John Gaffney and daughter, Sacramento, Calif., David Rademacher and son, St. Paul, Minn., Mr. and Mrs. Robert Rademacher and family, Drexel Hill, Pa., Mrs. Cliff Dupras, and Mr. and Mrs. Robert Haglund, Marquette, Keith E. Savard, Newberry and Mr. and Mrs. Tom Froberg, Oaklawn, Ill.

Births

HEATH — Mr. and Mrs. Charles R. Heath of 322 N. 14th St. are the parents of a son, Dave Matthew, weighing 7 pounds and 13 ounces born at 9:37 a.m. on April 30. The mother was Mary Ann Antonson.

GRIMES — A daughter, as yet unnamed, was born to Mr. and Mrs. Leonard A. Grimes of Rapid River Rte. 1 at 1:01 a.m. on May 3. Mrs. Grimes was Patricia Burke.

The Escanaba Daily Press has 95 per cent coverage in the City of Escanaba, 94 per cent in the City of Gladstone, 90 per cent in the City of Manistique and 83 per cent throughout Delta County. Jane Lindenthal To Spend Summer At Cambridge U.

Jane K. Lindenthal, daughter of Mr. and Mrs. George Lindenthal, Lake San Marcos, Calif., former residents of Escanaba, is among 12 University of Southern California students selected to participate in the summer course for Foreign Students at England's Cambridge University July 10 to Aug. 7.

This will be the eighth consecutive year in which a USC student delegation has been among the group who attend the summer program.

Living with students from Britain and other nations, the USC students will be enrolled for a course in Modern Britain and may participate in seminars on British Institutions, Britain and the World Today, and Twentieth Century English Literature.

Miss Lindenthal who will be a senior at USC in September will leave for England on June 17 and spend some time traveling in several countries before returning Sept. 10.

Story Time On Saturday

All things go wrong for someone it seems—at least in the stories to be heard at Story Time, at 10 a.m. Saturday in the Children's Room of Escanaba Public Library.

All boys and girls of the age of three and above are invited to attend the program. The stories will be: "The Day Joe Went to the Supermarket", "A Monster's Visit", and "Ricky Rakey Rooster".

Evening Circles Meet Wednesday

Evening circles are meeting next week as follows:

CIRCLE 5 will meet at the home of Mrs. Edward Kuivinen, 1527 S. 15th St., on Wednesday, May 8 at 8:15 p.m. Mrs. Arol Beck will be the assisting hostess.

CIRCLE 6 will meet at the home of Mrs. George Bonfield, 130 S. 1st Ave. on Wednesday, May 8 at 8:15 p.m. Mrs. Leonard Baillargeon will be the assisting hostess.

Jean M. Pangborn Wed To John Gilbert Dugas

Sacred Heart Church in Munster was the setting Saturday, April 6 for the wedding of Miss Jean Marie Pangborn and John Gilbert Dugas of Munster.

The Rev. Leslie Borman officiated at the nuptials at 1 p.m. and bouquets of white gladiolus adorned the altar for the service.

The bride is the daughter of Mr. and Mrs. Clyde Pangborn of Chocoma St., Munising and parents of the bridegroom are Mr. and Mrs. Gilbert Dugas of Rte. 1, Munising.

Crepe Gown

The bride chose a floor length slim line crepe gown fashioned with long Venice lace sleeves and full length cathedral train edged in lace. A circlet of matching lace adorned with crystals and pearls held her waterfall veil of matching lace and she carried a single red rose.

Miss Mary Pangborn served at maid honor for her sister and bridesmaids were Mrs. Kathy DesArmo, Mrs. Janis Ferzacca and Miss Raelen Lundbom.

They were attired in floor length green crepe gowns fashioned with high necklines, elbow length sleeves and court trains. They carried green spider-ermu bouquets.

Bestman for his brother was Mike Dugas and groomsmen were Jim Brud, Ken DesArmo

May Fellowship Day Scheduled At Bethany

The annual May Fellowship Day of the Church Women United will be held Sunday evening, May 19 at 7:30 in the sanctuary of the Bethany Lutheran Church.

A musical program, consisting of vocal and instrumental numbers, will be presented and will be announced later.

Mrs. Norman Arntzen, first vice-president of Church Women United, is program chairman, assisted by Mrs. Robert E. Meyer.

An invitation is extended to all men and women of the area to attend.

Mrs. John Dugas

and Charles Nelson. Seating the guests were Robert Cromell and Robert Pangborn.

Mrs. Pangborn selected a pastel pink dress with matching accessories and pink carnation corsage for her daughter's wedding and Mrs. Dugas wore a rose suit with a white carnation corsage.

Reception

The wedding dinner and reception was held at the Moose Lodge and the rehearsal dinner was held Friday evening at the Forest Supper Club.

The newlyweds are now at home at 110 W. 3rd, Apt. D-9, Owasso, Okla. where the bridegroom is attending aviation school. Both young people attended Mather High School.

Guests from Escanaba included Mr. and Mrs. Ralph Peterson and family, Mr. and Mrs. Earl Iverson, Mrs. Phyllis Benard and John Benard, Mr. and Mrs. Arthur Anderson and Mr. and Mrs. Carl Westerberg.

CLASSIFIED ADS COST LITTLE BUT DO A BIG JOB

Events

Faculty Wives

The Escanaba Faculty Wives will hold their annual spring party Tuesday, May 7 at 8 p.m. at the Terrace. Committee members are to bring their prizes with them.

Auxiliary Meeting

The Auxiliary to Cloverland Unit 82 will meet May 6 at 8 p.m. in the clubrooms. Mrs. Carrie Larson will be the social chairman for the evening.

C&NW Club

The Women's Club of the Chicago & North Western Railway will meet Monday at 2 p.m. in the Elks Clubrooms. The business meeting will be followed by lunch and cards.

Chairman of the hostess committee is Mrs. Arthur Bryson and she will be assisted by Mrs. Joseph LaFave, Mrs. Axel Youngchild, Mrs. William Van Lister, Mrs. Fred Peltier and Mrs. Mike Halesky.

Youth Rally

A youth rally at the Bethel Evangelical Free Church of Gladstone will be held Saturday beginning at 7 p.m. An Inter-varsity group from Northern Michigan University will conduct the service. A hayride will follow the service. All area youth are invited.

Square Dance

The Delta Merry Mixers will square dance from 8 to 10:30 p.m. today at the Flat Rock Town Hall. Refreshments will follow the dancing.

St. Patrick's Guild To Meet

St. Patrick's Church Guild will hold its final meeting of the current season, Monday, May 6, at 8 p.m. in the parish hall. Officers for the ensuing year will be elected. The meeting will be followed by a social, with games of the players' choice and a prize for each table.

St. Helen's Circle is in charge of the social. Mrs. Francis Lesard is chairman, assisted by Mrs. John Ryan and Mrs. Harold Walker.

Rev. F. Thomas Guest Speaker At Grace Church

Rev. Fred G. Thomas, missionary on furlough after having served a second four-year term in the Philippines, will be guest speaker at the Grace Baptist Church, 603 Michigan Ave., Gladstone on Sunday, May 5, at 7:30 p.m.

Rev. and Mrs. Thomas have had an active ministry in evangelism through public meetings, literature distribution, Bible classes and high school Bible clubs.

They were engaged in three major tent campaigns on the island of Cebu, where Rev. Thomas preached in the Cebuano vernacular, using various methods of visual aids to interest and teach the people.

Mrs. Thomas' musical ability has been a vital part of these meetings and work in general.

One of the highlights of their last term was the organization of a Baptist Church in Toledo City, Cebu, with the laying of the cornerstone of the new church buildings in February, 1966.

During their time of furlough, the Thomas family will reside in St. Paul, Minn., while engaged in church deputation and further studies.

On his return to Cebu, Rev. Thomas will be engaged in lay leadership training, radio evangelism, and coordinating mission and national church extension.

In bright light the pupil in the eye of a cat is a vertical slit, but in dim light it becomes circular.

Council Endorses Senior Citizens Housing Project

Support of a request for a senior citizens housing project in Escanaba was given the Housing Commission by the City Council in meeting at the City Hall Thursday night.

The Council adopted a resolution in which it directed attention to the request of the Commission for approval of the project by the Department of Housing and Urban Development.

The Council noted that when completed the project would provide "respectable housing for many elderly citizens" who are presently unable to financially maintain their existing homes. The long winters in the region, which "impose an excessive physical and financial burden on elderly citizens," was also cited by the Council.

Consider Site

Housing shortages, creating higher housing costs, are other factors noted by the Council in its appeal to the federal agency for approval of the Commission's application for a 350-unit senior citizens housing project for construction in Escanaba this year.

In a discussion of the resolution, City Manager George Harvey advised the Council that the "top priority" site for the public housing project is the 500 block on the south side of Ludington St., across from the Post Office.

He said that consideration is being given to acquiring part or all of the block, and that he suggested the Commission consider the advantage of acquiring the entire block. Representatives of the Commission have been in contact with property owners, he reported.

On another resolution — relating to the Menominee-Delta-Schoolcraft Community Action Agency — questions were raised that caused it to be tabled until the next meeting for further information.

Asks Purpose

The resolution was brief: "Resolved that the Menominee-Delta-Schoolcraft Community Action Agency as currently structured geographically and financially be designated as the Community Action Agency for the City of Escanaba." It came to the Council.

LBJ Delivers New Tax Plea

WASHINGTON (AP) — President Johnson delivered today his strongest appeal yet for Congress to act on his tax increase proposal, and told those demanding deeper spending cuts: "Don't hold up a tax bill until you can blackmail someone."

The President told a nationally televised news conference, his first since last November, that "we are courting danger" by continued delay on the tax proposal.

He called on Congress members to "stand up like men and vote" to pass the tax bill.

He said that he remains personally opposed to spending cuts but that he has reluctantly agreed to the plan approved this week by the House Appropriations Committee. That would cut spending by \$4 billion and appropriations by \$18 billion in an effort to pave the way for the tax bill.

But he said Senate-approved spending cuts of \$6 billion "would really bring chaos to the government."

Chairman Wilbur D. Mills, D-Ark., of the House Ways and Means committee, one of those who has been demanding sharp spending cuts, said the committee will take a new look at the situation Monday.

Bark River

Mr. and Mrs. Stanley Kwarciay, Sr., received word of the birth of their first grandchild to Spec. 5 and Mrs. William L. Kwarciay. The baby, born Friday, April 19, at 5:20 p.m., weighed 6 pounds 2 ounces, and was named William Lawrence, Jr. The father is presently serving in Duc Pho, Vietnam, and the mother, the former Judy Nixon, is living in Chewela, Wash.

Lt. Col. Lyman Severson, U.S. Army, who returned April 1 from a year in Vietnam, and his wife, the former Stephanie Luchay of Perronville, left last Saturday for Fort Monroe, Va., where he will be stationed. Their son, Richard, will stay with the Stanley Kwarciay family until the close of the school year.

Mrs. Lawrence Erickson and Mrs. Gillard Pearson spent five days with Mr. and Mrs. Howard Erickson in Ann Arbor. Mrs. Erickson is the former Joanne Pearson.

City Clerk Don Guinon, City Manager Harvey, and administrative assistant Howard Smale contributed to an explanation of the CAA request, so far as they had been informed. The County Board of Supervisors had approved such a resolution at a recent meeting, indicating it was satisfied with the CAA operation.

Tabled To May 16

On the agenda for the Council session, the city manager had described the resolution as designating the CAA to "coordinate city-federal programs."

Councilman Cox wanted to know what city-federal programs? And couldn't the city handle such matters? "I want to know how far this thing goes," he said.

The Council tabled the resolution to May 16 and asked for further information.

In other business Mayor Cecil Chase endorsed the value of government day for high school students and Roger Wanic, "mayor" for the day from Holy Name High School, responded with a resolution expressing appreciation to the city and its council and administration for their cooperation to the Holy Name High School government day experience.

Projects Okayed

The Council also held a hearing on public improvements: Street paving, sanitary sewers and water main expansions. Deleted because of objections was the proposed paving of S. 22nd St., from 25th Ave. S., to Lake Shore Drive. The others were approved.

First reading was given a proposed penal code ordinance after some changes in wording, and final hearing and adoption is scheduled for May 16. Also scheduled for hearing on that date is a proposed ordinance regulating mobile home parks.

Mayor Chase and the Council expressed annoyance with a news story in a Milwaukee newspaper which described grounds in this region in complimentary terms. Escanaba is proud of its compliance with the latest regulations of the Health Department in the operation of the dumping grounds, which also serves adjacent townships, said the city manager. Because of the increasing costs for sanitary landfill disposal of refuse, there should be thought given before the dump is opened also for Sunday operation, he added.

The Council opened and referred to the manager for recommendation bids for a truck chassis and construction body; for a dry sprinkler system for the city-owned building occupied by the Community College for a welding program; accepted the low bid of the U. P. Concrete Pipe Co.; and referred to the manager bids for asphalt and asphalt emulsion.

College Starts Scholarship Fund

A group of faculty, students, and clubs at Bay de Noc Community College has established a scholarship to honor the memory of Dr. Martin Luther King Jr.

A goal of \$500 has been set for next year. More than \$300 already has been contributed. The public is invited to donate to this fund.

Lake Ore Shipping In Early Increase

CLEVELAND, Ohio (AP) — Iron ore shipments on the Great Lakes to May 1 totaled 5,841,942 gross tons, compared with 3,686,709 gross tons last year through April, the American Iron Ore Association reported today.

Of the total shipments, 428,329 tons were handled in Canadian ports, compared with 249,880 in the first four months of 1967.

STUDENT GOVERNMENT DAY brought Holy Name High School's "city council" into meeting at the City Hall on Thursday, with Mayor Roger Wanic presiding. Pictured (from left, standing) are Mary Anzalone, city manager, and Joan Frederick, clerk-treasurer; (seated from left) Dennis

Allingham, Candy White, Roger Wanic, James Beckstrom and Claudette Vanlerberghe, members of the council. Other government students served as heads of departments for the day. (Daily Press Photo)

Open House Scheduled At High School Sunday

An Escanaba Area High School student organization—Students Interested in Community Educational Matters (SICEM)—will sponsor an "active Open House" at the high school from 1:30 to 4:30 p.m. Sunday.

The group is promoting a "Yes" vote in Monday's special millage election of the Board of Education.

All classrooms in the school will be open to the public and Brian Bender, chairman of the group, said today that activities are being planned in all rooms to give residents of the area an idea of the total scope of the high school's educational program and the equipment and materials used in it.

Spot announcements are

scheduled through the school's public address system to direct visitors to special activities during the afternoon.

Band To Play

The band, orchestra, chorale and several solo and ensemble groups will perform in the music rooms and football coach Jerry Cvengros will show game movies of his Eskymo football team.

Demonstrations also are planned in the school's gymnasium, business education and vocational education classrooms.

Bender said there will be maps of the school available at all entrances and that student guides will be stationed in all corridors.

High school teachers will lead students in discussions in their regular classrooms, concentrating on what type of material is covered in each specific subject area.

Vote Monday

Any questions a visitor might have will be answered and equipment used in the classroom will be demonstrated, Bender said.

James Marlow Dies Thursday

WASHINGTON (AP) — James Marlow, who for 25 years wrote the award-winning column "The World Today" for The Associated Press, died Thursday. He was 64 and had been in poor health for some time.

Marlow, a newspaperman for 41 years, wrote his column from Washington. It was an unusual one.

The column did not predict. It did not pretend to pass on "inside" information. It was neither pretentious nor pontifical.

Instead, the writer tried to explain events, to put them in context in an interesting and factual way.

He pioneered in interpretive writing. Marlow is survived by his widow, the former Hannah Harling; a daughter, Mrs. William Cherwek; and a grandson, Dean Cherwek, 5. Cremation and private services are planned.

Consumer Credit And Collection Course Offered

A consumer credit and collection course will be held here on Tuesday, May 7, under the instruction of Sterling S. Speake, credit specialist of the International Consumer Credit Association, of St. Louis. ICCA is a trade association with over 57,000 members.

Speake is a graduate of the University of Texas, School of Business Administration, and has had several years actual experience in the consumer credit and collection field. For six years he was on the staff of the University of Texas, as a credit specialist.

Local businessmen doing a consumer credit business, together with bankers and other credit and collection personnel, are eligible to attend this school, which will be held from 7 p.m. to 10 p.m. at Pioneer Motor Inn. Advance registration may be made through Credit Bureau of Escanaba or at the door between 6 and 7 p.m.

Powers-Spalding Hospital

Mrs. Theodore Dault is a surgical patient at Dickinson Memorial Hospital, Iron Mountain.

Mrs. Florentine Cory of Spalding spent a week visiting her aunt, Johanna Strang in Duluth, Minn.

Trenary

Mr. and Mrs. E. J. Harris and family have returned from Saginaw after attending the funeral of Mrs. Harris's mother, Mrs. Margaretta Prebo. Mrs. Prebo died in Florida where she had been spending the winter.

News Of Peace Booms Stocks

NEW YORK (AP)—The stock market surged ahead in heavy trading early today in reaction to the agreement between the United States and North Vietnam to open preliminary peace talks in Paris.

In the first hour, the Dow Jones Average of 30 Industrials jumped 11.91 to 929.96.

First - hour volume of 6.32 million shares on the New York Stock Exchange tied the record established for the period last April 3. The exchange ticker tape trailed by 17 minutes in reporting floor transactions.

The margin of advances by individual stocks over declines were about 5 to 1. Gains of most key issues were fractional but some ranged to 2 points or so.

Brokers said they expected the newest move toward peace to unleash a torrent of demand for stocks.

They said other favorable developments were a surge in new car sales in the final 10 days of April and a sharp decline in installment credit in March.

Cornell

The regular monthly meeting of the Cornell Home Study Group was held recently at the town hall and chairman Mrs. Harold Woodard presided. It was decided that the group would conclude the winter activities with an outing which will include a dinner on Tuesday, May 28. Definite plans will be made later. The lesson, "Balancing Your Appetite and Activity," was presented by Mrs. Robert Thompson and Mrs. Wilfred Mattson. Hostesses for the evening were Mrs. Wilfred Mattson and Mrs. Hjalmar Olson.

Rummage Sale
The Women's Society of Christian Service will hold their rummage sale at the townhall Monday, May 6 starting at 8 a.m. Lunch will be served and the public is invited.

Cliburn Concert

INTERLOCHEN (AP) — The date for concert pianist Van Cliburn's annual appearance at Interlochen National Music Camp has been changed to July 13, it was announced. Cliburn originally was scheduled to appear in a concert July 6. The change was necessary to comply with alterations in his over-all schedule, according to Interlochen officials.

Flat Rock Plans School Election

The annual school election will be held in the Escanaba Township Hall on Monday, June 10, and the polls will be open from 1 to 8 p.m.

Two vacancies on the Board of Education are to be filled. The present incumbents have not indicated their intentions of seeking reelection, however, an early statement is expected.

Two candidates have secured nominating petitions, Francis Flagstad, a former member, and Charles Hughes. The term of office is for three years and the petitions must contain 25 signatures. The qualifications of candidates for the Board are: 1—Citizen of the U.S., 2—Resident of the State of Michigan for 6 months, 3—Above 21 years of age, 4—Resident of the school district at least 30 days next preceding election or appointment, and 5—The candidate must own property which is assessed for taxes in his own right in the school district. If husband and wife own property jointly, and if otherwise qualified, each is eligible.

Nominating petitions must be in not later than 4 p.m. on the 30th day prior to the date of election or Friday, May 10. Petition forms are available at the office of the superintendent at the Flat Rock School.

Bloodmobile Visits Carney Monday, Quota 50 Units

CARNEY — The Badger Bloodmobile will make its annual visit to Carney Monday.

The bloodmobile will be located at the Carney-Nadeau High School gymnasium from 3 to 6 p.m.

Mrs. Lawrence Charlier, blood procurement chairman, said the quota for the visit is 50 units. She urged all former blood donors and any other residents able to give blood to visit the bloodmobile.

Rapid River To Vote On Millage Monday

RAPID RIVER — The Rapid River school district will ask voters of Masonville, Bay de Noc and Ensign Townships to approve a request for five mills for three years at a special election Monday.

The proposal requests renewal of three mills which expire this year and an additional two mills. Supt. of Schools Richard W. Dye said the millage, if approved, will be used to hire additional teachers and also purchase new equipment for the school's shop and business education rooms.

Another teacher in the high school and one more elementary teacher would allow the district to reduce classroom size to within the range recommended by the University of Michigan for accreditation.

Rizor Survives Critical Period In Heart Swap

STANFORD, Calif. (AP) — A healthy heart replacing a badly diseased one has carried Joseph Rizor beyond a critical period and into his first postoperative day.

"The first 10½ hours are critical," said doctors at Stanford University Medical Center when they completed a 4½-hour transplant operation at noon Thursday. Rizor, 40, received the heart of a 43-year-old man.

Dr. Norman E. Shumway, 44, who headed the transplant team, said the condition of the stocky Salinas, Calif., carpenter was fair. Because of a lung condition, the patient was receiving artificial respiration to help him breathe, Shumway said.

The donor, whose family asked anonymity, died of brain damage doctors described as irreversible. Rizor, eighth person in medical history to undergo a human heart transplant, entered the hospital in March after suffering a serious heart condition for seven years.

He wanted the surgery. "I wish that were me," Rizor had said when he heard about the world's first heart transplant, which was done at Cape Town, South Africa, last Dec. 3.

Credit Union League Meets

More than 2,000 members are attending the 33rd annual meeting of the Michigan Credit Union League that opened Thursday in Grand Rapids.

Attending from the Escanaba area are John McCarthy and Richard L. Meissner, Delta Catholic Credit Union; Robert M. Jensen, Harnischfeger Employees Federal Credit Union; Mr. and Mrs. Charles Borden, Lorraine Borak and Elaine Jensen, Escanaba Paper Co. Employees Federal Credit Union.

The convention will continue through Saturday, May 4, at the Pantiind Hotel and the Grand Rapids Civic Auditorium.

Michigan's 1,200 credit unions have a total membership of more than 1,500,000 persons.

A high point of the convention was an address today by Miss Betty Furness, special assistant to the president for consumer affairs.

Brother Of Man Sought In King Killing, Missing

CHICAGO (AP) — Jerry Ray, brother of the man sought on a charge of murdering Dr. Martin Luther King Jr., has quit his job at a north suburban golf club and disappeared, the Chicago Tribune said today.

Ray's disappearance was reported a few hours after he appeared through an interview with another Chicago morning newspaper, the Sun-Times, for his brother, James Earl Ray, to surrender.

The Tribune quoted an official at the Sportsman Country Club near Northbrook as saying that Jerry Ray quit his job at the club a day after his photograph appeared in a national magazine. Ray had used a Wheeling post office address but lived in a room at the club, the paper said.

Rizor was quoted by his wife, Eileen.

"At first I was shocked by the idea but time and the knowledge of how desperately my husband wanted to undergo the operation have made me realize that this may be his only chance to live," Mrs. Rizor said before the operation began at 7:30 a.m.

Base For Milk Prices Raised

The U.S. Department of Agriculture announces final action to amend federal milk orders to increase fluid milk prices to dairy farmers. This action applies to all federal milk order markets except in Florida.

The increases effective May 1 will continue the 20 cent increase in the fluid milk (Class I) price differentials in effect since last May, and provide a minimum basic formula price of \$4.33 a hundredweight, through April 1969.

Farmers asked for USDA action to assure price stability to enable them to better plan their dairy operations for the coming year, and be able to continue providing steady, sure supplies of high-quality milk for consumers.

With a support price of \$4.28, a basic formula floor price of \$4.33 will continue the present relationship of the floor price to support price for manufacturing grade milk. Minimum Class I and Class II prices to farmers will be increased by about 28 cents over those of the past year.

Federal milk orders set minimum prices to dairy farmers, but do not regulate prices consumers pay.

Yanks Repulse Counterattack By North Viet

(Continued From Page One)

and American television station buildings.

In actions 18 and 25 miles northwest of Saigon, helicopter gunships, air strikes and artillery reportedly killed 25 of the enemy. No U.S. casualties were reported. Viet Cong gunners fired 20 mortar and rocket rounds into a South Vietnamese military post on the outskirts of the capital shortly after midnight, killing two civilians. At about the same time small arms fire hit a medical factory at Thu Duc, about six miles from the center of the city, but no casualties were reported.

MIG Shot Down
In the air war over North Vietnam, a Navy jet pilot reported downing the first enemy MIG in two and a half months Thursday. U.S. sources said an F4 Phantom engaged the enemy jet over the Gulf of Tonkin. It was the 11th MIG reported shot down by U.S. pilots in the war. The last kill was Feb. 14 when two enemy planes were claimed.

U.S. air attacks Thursday were concentrated again on the southern panhandle. The deepest strikes were reported on bridges and a missile site 17 miles below the 19th Parallel.

U.S. sources today said there has been a marked increase in truck traffic through the southern half of North Vietnam and along the Ho Chi Minh Trail in Laos since April 1, when President Johnson restricted the bombing of North Vietnam to the area below the 19th Parallel. U.S. planes have more than doubled their raids on the southern panhandle, but "we've probably got more truck traffic than we've ever had before," one source said.

Some estimates put the number of enemy truck sightings in the past month at more than 10,000.

Briefly Told

The Escanaba police have issued traffic court notices to Darlene M. DeMay, 226 N. 18th St., failing to yield the right of way, and to Susan C. Frasher, 1500 Washington Ave., speeding.

The breaking and entering of a garage, was reported to police today by Rudolph Gustafson of 1215 Stephenson Ave., is being investigated by city police.

Edward Vandermissen, 23, of Wilson Rte. 1, suffered a laceration of his right leg when the motorcycle he was riding was involved in a traffic mishap with a car driven by Darlene M. DeMay of 226 N. 18th St., at 11:10 p.m. Thursday, city police report. The accident occurred on U.S. 2-41 in front of the Holiday Bowl as the auto turned. Vandermissen was treated at St. Francis Hospital and released.

On The Sidelines

With Mike Utt

Mel Peterson, formerly of Stephenson, and now playing professional basketball for Oakland in the ABA, finished the season with 731 points and 451 rebounds. Peterson appeared in 78 games for Oakland this past season.

George Brunet, formerly of Houghton and now a member of the California Angels' pitching staff, evened his season record at 2-2 Tuesday night when he pitched 8 1/2 innings to get the victory over the Cleveland Indians.

The oldest record on the Michigan Tech track books, a 2:03.5 mark in the 880-yard run set in 1942 by Walter Kittl, was surpassed Tuesday by freshman Bob Donovan, who was clocked in two minutes and two seconds flat in the event.

Paul Sharkey, a freshman at Michigan Tech from Menominee, tied the MTU record in the 100-yard dash set by former Huskie football player, Jim Lahr, in 1952. Sharkey, who is also working with the varsity football team during spring drills as a halfback, was tied in 10 seconds flat.

Five records fell by the wayside at Iron Mountain Tuesday when the Kingsford Flivvers tripped rival Iron Mountain, 65-53, in a dual track meet. Terry Duval of Kingsford and Doug Schupp of Iron Mountain snapped three of them in the 880-yard run.

Duval's 2:03 time wiped out the Kingsford High School standard established last year by Tom Powell. His time also broke the track record set by Randy Pilon of Iron Mountain in 1963. Schupp's second place clocking of 2:03.1 surpassed the Iron Mountain High School record set by Pilon in 1963.

The other two records were set by Rudy Steiner's toss of 49 feet 1 inch, breaking the school mark, and Joe Conery ran an 11:07.8 two mile to break the school record in that event. Both boys attend Iron Mountain High School.

Boston Celtics Rule Cage World

LOS ANGELES (AP) — Boston's Celtics once again rule the National Basketball Association roost after what Bill Russell terms "one of the greatest victories of all the championships we've won."

The 6-foot-9 player-coach referred not only to Thursday night's 124-109 triumph in the Forum, home of the Lakers, but to the playoffs over-all.

For Russell it meant the first title as a coach for after Boston won eight straight under Red Auerbach. The Celtics were beaten out last year by the Philadelphia 76ers.

Big Bill figures this one of the finest seasons because "this Celtic team is not one of the most talented that I have been on."

Literally, however, they blew the Lakers off the court in the first half to build a 20-point advantage at 70-50. John Havlicek, who wound up with 40, and Bailey Howell, with 30, led the assault.

Los Angeles played poorly in the finale which gave Boston the series by a 4-2 count, the sixth time in the modern reign of the Celtics that the Lakers have been their final victims.

Havlicek again proved the iron man as he played 47 of the 48 minutes in Boston's 101st game of the long season.

"Russell learned a lot as a coach last year and he was a better coach this year, which helped the team a lot," Havlicek commented, adding, "Bill, himself, admitted it."

Conjecture began immediately on the playing years left for the 33-year-old Russell.

He and Sam Jones have played on the Boston title teams since 1958-59 and Sam has said he plans to retire next year.

Boston built a 35-28 first-quarter advantage before the 17:39 in the new Forum and then surged to a 20-point lead early in the second stanza.

Elgin Baylor missed a free throw and incredibly failed on a stuff shot moments later. Havlicek was fouled in the back court, sank two free throws so instead of Los Angeles collecting three points, the Celtics had two. In the space of scant minutes they scored 15 points to a pair for os Angeles.

Late in the third period, Los Angeles closed to within 11 points at 82-71 and again at 84-73.

Phoebus Captures Fourth Win; Orioles Trip Yanks

By The Associated Press
No-hit Tom Phoebus said he didn't have very much Thursday night but the surging Baltimore Orioles have plenty to show for it today.

In his first start since his no-hitter last Saturday, the stocky right-hander yielded six hits and whipped the New York Yankees 7-3, becoming the first American League pitcher to win four games.

In the only other contests, Minnesota edged Detroit 3-2 on Tony Oliva's 10th-inning single and Boston trimmed California 4-1. Detroit's league lead shrank to a half-game over Baltimore and one game over Minnesota.

Phoebus allowed his first hit with one out in the third inning—a run-scoring single by Horace Clarke. He also served up a two-run homer to Andy Kosco in the eighth.

But he struck out 11 batters,

whiffing Mickey Mantle four times, as the Orioles swept their three-game series from the Yankees and won their fourth straight game.

"I felt a little pressure at the start," Phoebus said. "I wasn't relaxed. I wasn't as sharp as the last time."

"I wasn't hitting the corners and I was behind the batters. I seemed to relax a little after Clarke's hit."

Phoebus went to a 3-2 count nine times but issued only four walks. He threw 138 pitches, compared to 110 in the no-hitter.

Andy Etchebarren, Paul Blair and Mark Belanger paced the Baltimore attack with three hits apiece. Etchebarren had a homer and Blair knocked in three runs.

"The hitting's been picking up lately," said Manager Hank Bauer. "Now, if we can get our big man back in there..." He

BILL MUNSON (left) 26, Los Angeles Rams' reserve quarterback for two seasons, signs a contract with the Detroit Lions of the NFL at Los Angeles. Detroit General Manager Russ Thomas (right) negotiated a deal with the Rams that exchanged Munson and a third round draft choice for three players and Detroit's first round draft choice. Phillies Get In Spitball Trouble With Umpires; Lose To Mets, 3-0

By The Associated Press
Nolan Ryan has some advice for John Boozer. Pickle brine. It keeps you out of spitball trouble with the umpires.

The Great Spitball Controversy erupted again Thursday night in the midst of the New York Mets' 3-0 victory over Philadelphia.

Phillies' reliever John Boozer was beginning his warmups in the seventh inning and was amazed to hear umpire Ed Vargo yell, "ball one."

"How can he be charged with a ball on a warmup pitch?" screamed Manager Gene Mauch. "He went to his mouth inside the 18-foot circle of the mound," said Vargo, "and that's a ball anytime."

A discussion ensued, with Mauch ordering Boozer to spit on his hand twice more and Vargo calling balls two and three and ejecting the by-now bewildered pitcher.

Mauch inquired what would happen if Dick Hall, who replaced Boozer, should commit the same offense.

"I'll forfeit the game to the Mets," said Vargo, ending the discussion. So by the time Bud Harrelson of the Mets finally got up, the count was 3-0.

Ryan, the winning pitcher who allowed just three hits in the seven innings he pitched, said he stays out of trouble because of the pickle brine prescribed by trainer Gus Mauch to treat blisters on his pitching hand.

"I don't like pickles," said

Ryan, who was lifted after throwing 136 pitches and striking out 10. "But the brine is doing the job. I keep dipping my finger in a jar of the stuff."

"Only trouble is I don't like the smell. It bothers me, especially when I bring my hand to my mouth. Outside the 18-foot circle, of course."

In other National League games Thursday, Los Angeles

outlasted Atlanta 2-1 in 17 innings, Houston blanked St. Louis 4-0, Chicago shut out Pittsburgh 1-0 and Cincinnati downed San Francisco 6-2 in 11 innings.

Bob Bailey drove in two runs with singles in 11 innings apart as the Dodgers won the longest game they have played since moving to Los Angeles 10 years ago. The Braves tied the game in the ninth on Felix Millan's run-scoring infield single.

Denny Lemaster threw a three-hitter at the league-leading Cardinals and the Astros broke Nelson Briles' consecutive victory string at 14. He had won four this season and nine at the end of the 1967 campaign. Briles singled in the sixth for the first St. Louis hit.

Joe Niekro scattered six hits and Ernie Banks homered for the only run of the game off Jim Bunning in the Cubs' victory. The victory ended a three-game Pirate winning streak and a three-game Chicago losing string.

Johnny Bench came up with a bases-loaded single with two out in the 11th to break open the Cincinnati-San Francisco game and before the inning was over the Reds had scored twice more. Willie McCovey and Jim Hart each hit his fifth homer for the Giants.

The results:
Holy Name - Pete Ross 52-44-96; Pat Manning 46-42-88; Steve Kleiman 53-48-101; Chris Young 52-50-102; Bill Peltin 48-47-95; Mike Douglas 54-49-103 and Randy Anzalone 50-49-99.

Iron Mountain - Steve Blubaugh 42-46-88; Jim Tobin 42-45-87; Walt Bietila 42-41-83; Gary Wittcock 42-40-82; Larry Marlett 54-45-99; Tom Rochon 46-47-93 and Mark Ellingson 49-49-98.

Kingsford - Jim Oslund 38-45-83; Dave Schmultzer 45-44-89; Jim Franson 48-56-104; Mike Gregory 48-48-96; Jeff Gussert 50-50-100; Steve Miller 48-43-91 and Dave Johnson 47-48-95.

Louisville Wins In 10th Inning

By The Associated Press
League - Leading Louisville pushed over a run in the top of the 10th inning Thursday night to take a 3-2 decision over Rochester in an International League game at Rochester.

The only other action saw the Toledo Mud Hens with a 3-2 game from Jacksonville under the lights in Toledo.

Louisville's victory pushed the first-place Colonels higher on top of the heap in the standings, moving them 3 1/2 games ahead of idle Syracuse.

Columbus also was idle, and a scheduled game with Richmond at Buffalo was rained out.

Ike Brown did it to Jacksonville again Thursday night. Brown whose eighth-inning homer beat the Mets Wednesday night, stepped to the plate—again in the eighth—Thursday night and clubbed the ball out of the park again to break the 2-2 tie and give the Mud Hens the victory.

Thursday's Result
Boston 124, Los Angeles 106, Boston wins best-of-7 series 4-2.

Tigers Lose First Extra Inning Game

DETROIT (AP)—The Detroit Tigers, noted for their ability this season to pull a baseball game out of the fire after the eighth inning, ran Thursday night into Al Worthington, who is noted for saving American League games for the Minnesota Twins.

The result was a 3-2 Twins victory in 10 innings.

Worthington came on in relief for Dean Chance in the 10th, loaded the bases with eager Tigers, but saved the day for the Twins by striking out Bill Freehan and Dick Tracewski to end the Bengal threat and the ballgame.

"I threw mostly curve balls to Freehan and Tracewski,"

said Worthington, the 39-year-old relief specialist, who has saved four games for Minnesota this year.

"I had control trouble with (Al) Kaline in the 10th inning," said Worthington. "But I didn't want to give him anything to hit."

Told that Detroit had never lost when they were tied or ahead after the eighth inning, Worthington said, "They came close to getting it."

Relieves Chance

The Minnesota right-hander was called in to relieve Dean Chance, who gave up the tying solo home run in the bottom of the ninth to Jim Northrup.

"Northrup hit a helluva pitch," said Minnesota Manager Cal Ermer. "The ball was going away from him and he hit it into the seats."

"I came close to taking Chance out a number of times. I thought about taking him out before Northrup's homer, but I didn't. He (Chance) pitched a great game against Chicago last week but Pete Ward hit a two-run homer to beat us in the ninth."

Rod Carew doubled and scored on Tony Oliva's single with two out in the tenth to give Minnesota the victory.

The Minnesota triumph boosted second-place Baltimore, a 7-3 victory over New York, into one-half game of the league-leading Tigers. Minnesota moved to

within one game of Detroit.

Minnesota took a 2-0 lead in the fourth inning, scoring on Carew's single, two walks a fielder's choice, and a single by Jack Hernandez. Detroit scored a run in the fifth on Norm Cash's pinch-single.

Northrup's one-out home run off Chance in the ninth knotted the score.

Oliva's single off loser Dennis Ribant following a double by Carew in the Minnesota 10th provided the Twins' victory margin.

Detroit had a chance for a victory in the bottom of the 10th. Dick McAuliffe led off with a single and Don Wert sacrificed him to second. Al Kaline and Willie Horton walked to load the bases with one out, but Worthington struck out Freehan and Tracewski.

"It was a great victory," said Ermer. The triumph put the Twins within one game of Detroit, where a loss could have left them three games out of first.

Detroit Manager Mayo Smith, who appeared upset with the umpiring, said afterward: "The umpires don't lose games for you."

"We had plenty of opportunities to score."

The Tigers face the California Angels tonight with Mickey Lolich going against the Angels' Clyde Wright at Tiger Stadium.

Braves Sweep Track Victory

Gladstone High School posted victories in all 14 events to take a 90-28 decision over the Manistiquie Emerald track team in a dual meet held Wednesday in Gladstone.

Steve Nelson of Gladstone was a triple winner, as he took victories in the long jump and both hurdle events. Rich Lorenson and Dan LaCosse, both of Gladstone, posted double victories with Lorenson winning the 100 and 220 yard dashes and LaCosse copping first places in the high jump and 440-yard dash.

The results:
Long Jump - Nelson (G) 2, Skorski (G) 3, Sholander (M) 19'11".
Shot Put - Johnson (G) 2, Sample (M) 3, Jones (G) 43'5 1/2".
High Jump - LaCosse (G) 2, Devore (G) 3, Nelson (M) 5'6".
Pole Vault - J. Swenson (G) 2, Tufnell (M) 3, (tie) Toenneson (M) and B. Swenson (G) 11'.
100-Yd. Dash - Nelson (G) 2, Dewey (M) 3, Popour (M) 10.9.
High Hurdles - Nelson (G) 2, Sholander (M) 3, Demars (M) 16.6.
Low Hurdles - Nelson (G) 2, Nelson (M) 3, Young (G) 22.6.

SHAVING STROKES

by Frank Beard

5 - Soggy Courses

Written for
Newspaper Enterprise Assn.

The golf course, now you're getting on it again, is going to be in the same shape as your game, Rusty, to be perfectly honest. In the spring, courses have a tendency to be soggy. Wet turf gives me more trouble than any other playing surface, and it's the same for the everyday player.

You have to make adjustments to it. Play the wet ball a little farther forward. You have a tendency to pick the ball.

So I take more club. I find I take one more club in spring than in summer in an effort to swing free and not over-extend myself.

For instance, at the -7th hole at Pebble Beach this year, it looked like a four-iron shot. The pin was up in the corner and the wind was behind me, of all things.

I had on long underwear and sweaters and a rain suit and with a four-iron I was going to have to swing way too hard. It was cumbersome with all that equipment, and I did not want to press the four-iron. So I took the three-iron and kind of cut it up in there with a smooth swing.

Of course, as pros, we change radically on the tour

Hiawatha Offers Huge Timber Sale

The long term Borealis timber sale is currently being advertised and copies of the sale prospectus and bid forms have been sent to interested companies and individuals according to Al Trout, supervisor of the Hiawatha National Forest.

The Borealis sale offers 500,000 cords of wood to be cut over a 15 year period. An estimated 33,000 cords of wood will be cut each year. Cutting operations will take place on about 50,000 acres of Hiawatha National Forest land located in the

eastern half of the Upper Peninsula. This sale is being offered as a supplement to the current annual forest program of selling about 80,000 cords of wood, and will not conflict with existing normal sale offerings.

Objectives of this sale are to make large quantities of wood available to industry at a guaranteed rate, and to bring the forest allowable timber harvest up to the maximum permitted under the Forest Service's current timber management plan, according to Trout.

Persons interested in bidding on this sale must submit a sealed bid in order to qualify for participation in the oral auction June 12, at 2 p.m. in the supervisor's office in the Federal Building, Ponnoma. The sale will be awarded to the qualified party submitting the highest and best bid for the

Rock's Triumph Surprises Romney

LANSING (AP) — Gov. George Romney said Thursday that he was surprised by Gov. Nelson A. Rockefeller's victory in the Massachusetts Republican presidential primary.

"I certainly didn't anticipate it," Romney told a news conference when asked about the New York governor's write-in triumph.

The governor, who bowed out of the race for the GOP presidential nomination four days after Rockefeller announced in Detroit he would accept a draft for the nomination, had little else to say about the matter.

But a newsman said Rockefeller was concerned that moderate governors, such as Romney, had given no sign of rallying to Rockefeller's case, and then the newsman asked Romney, "Do you see any chance of that happening if he does well in Oregon?"

"Well," Romney said, a broad smile spreading across his face, "I can fully understand his concern, probably as well as any man in this country."

Enrollment Down; Seminary Closes

ANN ARBOR (AP)—One of the last two seminaries of the Roman Catholic Holy Ghost Fathers in the United States is being closed because of a lack of enrollment.

Closing of the seminary east of Ann Arbor was announced Thursday by the Rev. Francis T. Trotter, provincial superior of the Holy Ghost Fathers in Pittsburgh.

The Rev. Louis Dolan, head of the Ann Arbor seminary, said its 27 students would be transferred to the order's seminary in Pennsylvania.

The seminary was built in 1951 to accommodate 90-100 students. The Holy Ghost Fathers conduct missionary work around the world.

Tiger Tales

By The Associated Press

The Tigers disputed a fourth inning decision by umpire first base Bill Heller, saying a double-play ball by Ted Uhlander had ended the inning before the Twins scored two runs.

"I haven't had enough experience to dispute the play," said first baseman Ed Mathews, who was thrown out of the game by umpire Al Salerno for disputing a third strike in the Detroit sixth. "I thought he (Uhlander) was out, but I don't have that kind of peripheral vision."

On the same play, Minnesota Manager Cal Ermer complained to home plate umpire Salerno that Detroit starter Joe Sparna had violated an American League rule by throwing his glove down on the mound in protest of Heller's call on the double play.

The rule book says there is automatic ejection for demerit. "I wasn't straining against an umpire's protesting the play so much as the double standard about the rule. I got tossed out in Detroit last year for kicking a helmet. I just don't like the double standard."

Al Kaline extended his hitting streak to seven games despite a .222 batting average. Kaline was subbed after the game as he often is following a loss.

Mickey Lolich, who faces California tonight, has a 9-7 record versus the Angels.

Germfask

Craft Club

The East End Craft Club met Tuesday at the home of Mrs. Nettie Ackley.

The WSCS met Tuesday evening at the Annex of the Methodist Church. After the meeting Mrs. Kathleen Englund served refreshments.

Members of Ladies Auxiliary to the Doran-Keating VFW Post 6030 that went to Newberry to attend the VFW Ladies Auxiliary School of Instruction were Maude Burns, Jennie Crawn, Minnie Tuttle and Alta Bowler.

The Germfask Grange held a business meeting at the Township Hall Saturday evening. Lunch was served by Mr. and Mrs. Vernon Loyd.

Chicken Dinner

A public fried chicken dinner will be served at the VFW Hall Sunday, May 5 from 1 to 5 p.m. sponsored by the Doran-Keating VFW Post and Ladies Auxiliary, to benefit their building fund.

Bake Sale

The Grace Lutheran Ladies Aid will hold a baked goods and novelty sale from 10 a.m. to 3 p.m. at the Germfask Laundromat.

LEGAL NOTICES

NOTICE TO SUBSCRIBERS OF CHATHAM TELEPHONE COMPANY

Chatham Telephone Company intends to improve and expand its telephone plant and facilities so as to enable it to provide all 1-party service throughout its exchange areas at uniform rates without reference to locality rate and without application of exchange line mileage charges.

The Company will have to make a substantial investment in additional plant. To make the program economically feasible, it will be necessary for the Company to revise its present tariffs in all of its exchanges. Following are the present and proposed rates and their effects for the Company's various exchanges. These proposed changes would take effect at the time the new service is made available.

AU TRAIN, CHATHAM, TRENTARY

| | Present Rate | Proposed Rates |
|------------------------|------------------------------|------------------|
| Within Base Rate Area | | |
| Business: | | |
| 1-party | \$8.20 | (1) Discontinued |
| 2-party | 5.80 | (2) Discontinued |
| Residence: | | |
| 1-party | 6.00 | (3) Discontinued |
| 2-party | 4.30 | (4) Discontinued |
| Outside Base Rate Area | | |
| Business: | | |
| Multi-party | 5.80 | (5) Discontinued |
| 1-party | \$8.20 + \$1.00 per 1/4 mile | (6) Discontinued |
| 2-party | \$6.80 + \$1.00 per 1/4 mile | (7) Discontinued |
| Residence: | | |
| Multi-party | \$6.00 + \$1.00 per 1/4 mile | (8) Discontinued |
| 1-party | \$4.30 + \$1.00 per 1/4 mile | (9) Discontinued |
| 4-party | | |

- (1) 2-party business subscribers upgraded to 1-party with \$1.40 rate increase.
- (2) 4-party residence subscribers upgraded to 1-party with \$1.70 rate increase.
- (3) Multi-party business subscribers upgraded to 1-party with increase of \$2.40.
- (4) 2-party business is reduced by the amount of the mileage charges.
- (5) 2-party business is upgraded to 1-party with an increase of \$1.40, less mileage charges.
- (6) Multi-party residence subscribers upgraded to 1-party with an increase of \$2.40.
- (7) 1-party residence is reduced by the amount of mileage charges.
- (8) 4-party residence is upgraded to 1-party with an increase of \$1.70, less mileage charges.

SKANDIA

| | Present Rate | Proposed Rates |

- (7) 1-party residence is reduced by the amount of mileage charges.
- (8) 4-party residence is upgraded to 1-party with an increase of \$1.70, less mileage charges.

The Company has filed application with the Michigan Public Service Commission requesting authority to provide 1-party service and to borrow necessary funds to provide equipment therefor. It will, at a later date, file an application requesting authority to amend its tariffs as indicated above. The present applications on file with the Commission are scheduled for hearing on May 16, 1968, at 10:00 A.M., on the Fifth Floor of the Lewis Cass Building, Lansing, Michigan. All interested parties are invited to attend this hearing.

If you have any questions, please feel free to call our business office in Chatham, Michigan.

THE LITTLE WOMAN

1. Announcements

BUYING Silver and gold coins. List what you have for the right price. Write COINS: P. O. Box 300, Escanaba, Mich.

NOTICE TO BIDDERS

Sealed bids will be received by the City of Escanaba, at the office of the City Clerk, Escanaba, Michigan, on or before 8:00 P.M. (C.D.T.) May 16, 1968, for the Southern Yellow Pine Pole. The bids will be publicly opened and read at the regular Council meeting to be held at said time and place.

Bidder's Proposals and Specifications are available at the City Clerk's office. No bid will be considered unless the Bidder's Proposal form furnished by the City is properly completed and enclosed in a sealed envelope plainly marked "Pole Bid of May 16, 1968."

A certified or cashier's check, or bidder's bond, drawn payable without condition to the City of Escanaba, Michigan, in an amount not less than five percent (5%) of the bid, shall be submitted with each proposal as a guarantee that if the bid is accepted, the bidder will furnish materials and services as stated in his proposal. On failure of the successful bidder to fulfill the conditions of his proposal, the City of Escanaba as liquidated damages, and the acceptance of the bid shall be contingent upon the bidder's agreeing to this provision.

The City of Escanaba reserves the right to reject any and all bids, and to waive any irregularities in the bidding.

Donald J. Guindon
City Clerk

A PAIR OF persistent robins built a nest under the hood of Jerry B. Kahn's car while it was parked in the driveway of his Grand Blanc Twp. home over the weekend. It contains four eggs. Kahn says this is the seventh time this year that a nest has been made there but the first time he has found eggs. (AP Wirephoto)

Powers-Spalding

Red Cross Drive

The annual Red Cross drive in Spalding Township has been completed with \$300 being collected. Mrs. Raymond Fazer and Mrs. Raymond Casimer were co-chairmen of the drive.

Solicitors were Kenneth Bellmore, Judy Fazer, Ron Hanson, and the Mesdames, Ray Peterson, Louis Fazer, Donald O'Neil, Donald Bal, Joseph Vorin, Dennis Paquin, Alvin Kinberg, Richard Barker, Donald Shannon, Iris Loeffler, Leo Pietsch, Earl St. John, John Hafeman, Lloyd Fazer, Bernard O'Neil Sr., Walter Welch, Napoleon Betters, Earl Kell, Don LeBoeuf, Stanley Mazur, Cliff Liegois and Donald VanEnkevort.

FHA Officers

The Powers-Spalding FHA installed new officers on Tuesday evening. Officers are: President, Carl Welch; Vice-president, Diane Smith; Treasurer, Tina Veraghen; Secretary, Rosalie Draz; Historian, Joyce Hanchek; Reporter, Jeannette LeBoeuf; Parliamentarian, Jill Hanson. Lunch was served following the installation ceremony.

4-H Party

The Handi-Helpers 4-H Club held a party at the home of their leader. Lunch was served by Peggy Wiessert and Elizabeth Prestay.

Study Club

The Spalding Home Study Club met Tuesday at the home of Mrs. Alfred LeBoeuf in Powers. "Balancing Appetites with Activities," was the lesson for the day, presented by Mrs. Joseph Kirchner.

A fish cookout is planned for Tuesday, June 4, at the home of Mrs. Nelson LaBonte in Spalding. On the food committee will be Mrs. Dennis Paquin, Mrs. Carl Wiessert, Mrs. David Draz and Mrs. Napoleon LaBonte.

Birthday Dinner

Mrs. Hans Nelson celebrated her birthday with a Saturday evening dinner and card party at her home. Attending were Mr. and Mrs. James Nelson, Mr. and Mrs. William Nelson and Mr. and Mrs. Holger Nelson.

Rapid River

Cancer Drive

Solicitors for the cancer fund drive for Masonville Township plan to complete the drive by May 15. Floyd P. Roberts is in charge of township and business contacts. Solicitors are the Mesdames, Eugene Holmquist, Waldon Johnson Jr., Lloyd Stenlund, Donald Person, Carlton Struble, Mary LaCrosse, Gary Nieuwenkamp, Carl L. Holmgren, Terrance Johnson, Rose Donnan, Beth Wilbee and Ray Morin.

SPOKANE POLICE LT. Chester Harris presents Mrs. Helen Harris, a 70-year-old Philadelphia self-styled "queen-of-the-road" with a Spokane Police patch. The woman is pushing a shopping cart across the U. S. and has worn out ten pairs of shoes. The widow says she started her walk three years ago as a protest against the Philadelphia Welfare Department. (AP Wirephoto)

New Method For Copper Recovery Is Announced

WASHINGTON (AP) — The U.S. Bureau of Mines said today it has developed a new method for reclaiming copper from scrapped electrical equipment.

Copper is in short supply and about 30 per cent of the nation's annual consumption already comes from reclaimed metal.

But millions of pounds are discarded each year, said Dr. Earl T. Hayes, acting director of the bureau, "in auto generators, computer motors, and other electrical items too numerous and too small to have the copper in them removed economically until now."

The new method, developed at the bureau's research center in Minneapolis, involves dunking the scrap material in molten barium chloride at 1,250 degrees centigrade (2,282 degrees Fahrenheit).

This temperature melts the copper from oxidizing or alloying with the steel.

Hayes said the system seems adaptable to the mechanized handling of "fairly small parts" and may lead to the recovery of millions of pounds of copper each year which was previously lost.

Vote On Pact

GRAND RAPIDS (AP) — Michigan Bell Telephone Co. employees at Grand Rapids, members of Local 4034, Communications Workers of America, are scheduled to vote Saturday on a tentative agreement reached Thursday.

Local president Sue Wilson said pay increases for plant department personnel amount to \$24 over a three-year period, while traffic employees would get \$17.

Romulus Augustulus was the last of the western Roman emperors.

Chemical Mace Warning Issued

WASHINGTON—(AP) — The U.S. Surgeon General warned Thursday that the antiriot chemical Mace might be more harmful than anybody once thought.

In a four-page letter to state, county and city health officers, Dr. William H. Stewart said that because of Mace's ability to retain its irritant activity "it clearly increases the possibility of more than transient effects to the exposed individuals."

Michigan State Police had announced previously they would not use the chemical. And the Ann Arbor Police Department has suspended its use temporarily.

Stewart said he planned to encourage new studies by the Food and Drug Administration "to determine the possible chronic effects" of Mace.

In a background report on Mace, Stewart described it as a solution of tear gas mixed with an aerosol agent and small quantities of a kerosene-like substance and another chemical known as 1,1,1-trichloroethane.

"The function of the trichloroethane is unknown," Stewart said. "The available evidence regarding the effects of this product on man is not complete and does not permit the drawing of final conclusions at this time."

Retain The Present Educational Program — We have the control, the power, and the resources. If children fail to develop and grow as they reasonably should, it is not the child's fault.
